

APC Postal Logistics Achieves SOC 2® Type I Compliance, Strengthening Commitment to Data Security and Customer Trust

EAST RUTHERFORD, NJ, UNITED STATES, November 6, 2025

/EINPresswire.com/ -- APC Postal

Logistics, a privately held leader in global delivery and technology

solutions, is proud to announce that it has successfully completed its Service

Organization Control (SOC) 2® Type I audit, reinforcing the company's

dedication to maintaining the highest

standards of security, availability, and confidentiality for its customers worldwide.

Delivering Global Growth

The independent audit, conducted by Prescient Assurance LLC, evaluated APC's internal controls, policies, and procedures as of September 25, 2025, in accordance with the Trust Services Criteria established by the American Institute of Certified Public Accountants (AICPA).

“

Achieving SOC 2 Type I compliance is an important milestone that reflects APC's ongoing investment in data protection and operational integrity”

Michael Galianos,

“Achieving SOC 2 Type I compliance is an important milestone that reflects APC's ongoing investment in data protection and operational integrity,” said Michael Galianos, COO & Co-Founder of APC Postal Logistics. “Our customers trust us with critical international shipping data every day, and this certification reinforces our commitment to keeping that information secure and protected.”

The SOC 2® Type I report provides assurance that APC Postal Logistics has designed and implemented robust controls to safeguard data and maintain the confidentiality of customer information. This achievement underscores APC's proactive approach to risk management and compliance as the company continues to expand its global logistics network.

APC is also preparing for its SOC 2® Type II audit, which will further validate the operational effectiveness of its controls over time.
