

Houzeo Ranks Louisiana's Top 10 Safest Places to Live in 2025

This list highlights the 10 best safest cities in Louisiana for homebuyers looking for secure and desirable locations.

BATON ROUGE, LA, UNITED STATES, November 11, 2025 /EINPresswire.com/ -- Houzeo, America's best home-buying and selling website, is proud to announce the launch of its "Safest places to live" landing pages. The list highlights the top cities in Louisiana with the lowest violent and property crime rates, providing homebuyers with objective insights on their house-hunting journey.

The core strength of Houzeo's ranking methodology is its commitment to transparency. Unlike reports that rely on opaque formulas, Houzeo uses verified crime data from the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) and the National Incident-Based Reporting System (NIBRS). Houzeo combines these metrics with real-world user feedback and trusted public data to create an all-encompassing view of each location's safety score.

Drawing on data from multiple sources, the city of Addis, Louisiana, emerges as one of the [Safest places to live in Louisiana](#), with a total crime rate of roughly 486 incidents per 100,000 people — about 92 % below the state average. It offers a tranquil setting, tight-knit neighborhoods, excellent community safety infrastructure, and strong livability for families and retirees alike. While homes in the region command a premium relative to some rural areas, the trade-off is a rare level of safety in Louisiana. This top ranking anchors the broader "Safest places to live in Louisiana" narrative for smart homebuyers.

Beyond the very safest towns, the state still offers compelling housing opportunities that balance safety, affordability, and lifestyle. For example, Bossier City, Louisiana, recently posted a median sale price of about \$235K, up 5.9 % year-over-year, and cost of living roughly 4 % below the national average. Meanwhile, in the more rural town of Independence, Louisiana, the average home value is near \$167K, offering an especially budget-friendly entry point. Whether browsing "[houses for sale Bossier City](#)" or [Independence houses for sale](#), you'll find options that align with homebuyer priorities: safety, value, and community.

The Safest Places to Live landing pages provide a data-rich, transparent look at regional safety and housing market trends, giving homebuyers the context they need to invest wisely. Houzeo's synthesis of crime statistics, housing trends, and community feedback means your decision is

backed by more than just marketing slogans — it's grounded in actionable insight.

With over 1.5 million active listings nationwide, Houzeo is rapidly becoming one of the best home-search platforms for Louisiana buyers. From bookmarking favorites to scheduling showings and submitting offers, the website and mobile app let you manage the full home-buying journey in one place — whether you're evaluating homes in Bossier City, Independence, or beyond.
