

Andorinha by Matthias Ambros Wins Silver in A' Furniture Design Awards

Innovative Plywood Molding Technique and Floating Backrest Design Earn Andorinha Chair International Recognition

COMO, CO, ITALY, November 7, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [furniture](#) design, has announced Andorinha by [Matthias Ambros](#) as the Silver Winner in the Furniture Design category. This prestigious recognition highlights the exceptional design and innovation of the Andorinha chair within the competitive furniture industry.

The Andorinha chair's success at the A' Furniture [Design Awards](#) demonstrates its relevance to current industry trends and user needs. By incorporating advanced plywood molding techniques and a floating backrest design, Andorinha offers a lightweight, ergonomic, and visually striking seating solution that aligns with the evolving demands of modern furniture design.

Andorinha stands out in the market through its seamless integration of precision engineering and contemporary aesthetics. The chair's tubular steel structure, CNC-bent and laser-welded for durability, supports a plywood-molded seat and an innovative two-stage molded backrest. This unique construction allows for a floating visual effect, enhanced ergonomic support, and a refined, minimalist appearance.

The Silver A' Design Award recognition for Andorinha serves as a motivator for Matthias Ambros and his team to continue pushing the boundaries of furniture design. This achievement validates their commitment to craftsmanship, material innovation, and user-centric design, setting the

Andorinha

stage for future projects that prioritize both functionality and aesthetic excellence.
