

From Wall Street to India's Poorest: Abraham M. George's "Mountains to Cross" Inspires a Life of Purpose

A story of courage, compassion, and conviction about one man's journey from success in the military and business to transforming lives through education.

NEW YORK, NY, UNITED STATES, November 11, 2025 /EINPresswire.com/ -- Visionary leader, social reformer, and author Dr. Abraham M. George launches his powerful memoir, "Mountains to Cross: Finding Life's Purpose in Service," on January 13, 2026. The book chronicles Dr. George's extraordinary transformation from a soldier and global entrepreneur to a humanitarian devoted to lifting India's most marginalized communities through education, healthcare, and justice.

Through vivid storytelling, George recounts his journey from a young Indian Army officer stationed in the Himalayas to a successful entrepreneur in global finance, and ultimately to a philanthropist who returned to India to uplift the nation's most impoverished communities. His life's work, which includes founding schools, hospitals, and environmental initiatives, demonstrates that meaning and success are best measured in lives changed, not fortunes amassed.

"Mountains to Cross" offers readers lessons drawn from decades of perseverance and service. Dr. George explores the moral and personal challenges that led him to leave behind a lucrative Wall Street career to establish the Shanti Bhavan Residential School, a world-renowned institution that empowers children born into extreme poverty. Through this work, he proves that systemic inequality can be dismantled through education and opportunity.

"Excuses and explanations for inaction do not suffice," says Dr. George. "Real change happens when we stop asking, 'What more can I get?' and start asking, 'What more can I give?'"

This remarkable memoir appeals to philanthropists, educators, business professionals, and
