MILAN, LOMBARDY, ITALY, November 10, 2025 /EINPresswire.com/ -- The Bosco Suite Milan: First Short-Stay Luxury Apartment Opens Inside Milan's Iconic Bosco Verticale

The Bosco Suite Milan today announced the opening of the first short-stay luxury apartment located inside the world-renowned Bosco Verticale, one of the most recognized architectural landmarks on the planet.

The Bosco Suite Milan — Inside the Bosco Verticale

Until now, The Bosco Verticale could only be admired from the outside. Visitors could stroll through its gardens below or, with some luck, know one of its residents. This marks the first time that guests can stay inside the landmark, experiencing Milan's contemporary architecture and sustainable design from within.

“

We wanted to make possible what was once just a dream: sleeping inside the Bosco Verticale.”

Founder, The Bosco Suite Milan

A New Kind of Stay in Italy's Most Photographed Skyscraper

The Bosco Verticale is more than an architectural icon — it represents a milestone in sustainable design. With over 900 trees, 5,000 shrubs, and 11,000 plants integrated into its façade, it was named “The World's Most Beautiful and

Innovative Skyscraper” by the Council on Tall Buildings and Urban Habitat.

Until now, all apartments were private residences, available only for long-term leases and rarely open to guests. The Bosco Suite Milan introduces a new concept, making it possible to stay for short periods inside the vertical forest that symbolizes Milan's commitment to sustainability and innovation.

- Two double bedrooms with Made in Italy furnishings
- Two bathrooms with skyline views

Access to resident-only amenities: fitness center, wellness and massage area, meeting room, concierge service, and private parking connected by elevator

"We wanted to make possible what was once just a dream — staying inside the Bosco Verticale," says the project's founder. "The Bosco Suite Milan is not simply a place to stay; it represents a new way of living within one of the world's most innovative buildings."

A New Perspective on Milan

Recognized as one of the world's capitals of design and luxury travel, Milan continues to attract visitors looking for distinctive experiences.

The Bosco Suite Milan provides international guests with the rare opportunity to live inside the city's most celebrated residential landmark.
