As they would be happy to discuss at 866-714-6466, the internet is loaded with law firms advertising for people like this, they make outlandish claims about who they are, and all they are is a middleman marketing law firm trying to cash in on some really bad situation.

The group says, "For starters the US Navy and or the government does not sponsor any group for navy veterans who have developed mesothelioma or asbestos exposure lung cancer. We started our initiative two decades ago after two of our loved ones were diagnosed with mesothelioma. What we quickly discovered there is no easy way to determine who really are the nation's top mesothelioma or asbestos exposure lung cancer attorneys.

"When we say the nation's 'top attorneys' we mean extremely skilled lawyers who consistently get the best results for their clients- and we are always happy to give this information to a veteran with asbestos exposure lung cancer or mesothelioma anywhere in the nation if they or their loved ones would call us at 866-714-6466.

"We do not want a navy veteran who has mesothelioma or asbestos exposure lung cancer to hire a middleman law firm that will sell you to another law firm to do the work as we would be happy to discuss at 866-714-6466. There is no group like us in the nation- and we want the best compensation outcome for a navy veteran with asbestos exposure lung cancer or mesothelioma." <https://USNavyMesothelioma.Com>
