UAE ESR Services

Introduced to align with global tax transparency standards, ESR requires UAE entities conducting specific “relevant activities” to demonstrate substantial business presence in the country. Non-compliance can result in penalties up to AED 50,000 for the first offense and AED 400,000 for repeated violations—along with potential license suspension.

Common ESR Challenges Faced by Businesses

1. **Complex Classification:** Determining whether business activities fall under ESR.
2. **Documentation Burden:** Compiling the necessary evidence to prove adequate economic substance.
3. **Tight Deadlines:** Meeting notification and filing timelines while managing daily operations.
4. **Severe Penalties:** Avoiding regulatory action for missed or incorrect filings.

To address these challenges, The VAT Consultant provides end-to-end ESR solutions, including [ESR Notification](#), ESR Assessment, and [ESR Filing](#) Services. Their experienced consultants analyze business models, identify relevant activities, and prepare submissions that comply fully with Ministry of Finance standards.

“Our goal is to simplify the ESR process for UAE businesses,” says Selvam, Director of The VAT
