

Houzeo Expands 'Save Search' and Custom Alerts Feature to Virginia, Enhancing the Homebuying Journey

Houzeo's new feature allows Virginia homebuyers to save searches, receive real-time updates, and get personalized alerts, making home hunting more efficient.

RICHMOND, VA, UNITED STATES, November 15, 2025 /EINPresswire.com/ -- Houzeo, America's Real Estate Super App, recently expanded its reach to include 24,000+ neighborhoods, enhancing its already extensive database of 1.5 million listings. With 12,429 homes currently available in Virginia, home shoppers can now discover even more listings throughout the Old Dominion with ease.

Whether buyers are searching for a historic townhome in Fredericksburg, a waterfront property in Virginia Beach, or urban [houses for sale in Alexandria](#), Houzeo provides an expansive range of listings throughout Virginia. To further streamline the search process, Houzeo now offers the "Save Search" feature.

The Save Search feature lets buyers retain tailored property searches, stay updated with real-time alerts on new listings, and quickly share their saved searches with their network. Using Houzeo's Save Search, home buyers can organize their house-hunting journey without resetting filters every time they open the app.

Here's how "Save Search" works:

- Save Custom Searches: With this feature, buyers can save specific search parameters like price, neighborhood, or must-have features such as commuter access or historic charm. For example, Virginia homebuyers can save searches like "[homes for sale in Fredericksburg VA](#) under \$400K with period details" or "affordable homes near Arlington with metro access."

- Instant Alerts: When buyers save searches like "homes in Alexandria with parking under \$500K," they'll receive email notifications whenever new listings that match these criteria appear in the [Virginia real estate market](#). Buyers can select to get alerts instantly, daily, or weekly, ensuring they never miss out on the right property.

- Saved Search Carousel: Home buyers can view the five newest listings for each saved search in a scrollable carousel. With one click, access the full list of matching homes.

- Fast Shares: Houzeo lets buyers instantly share their saved searches with their partner or agent. Buyers can copy the link directly or share the custom search via iMessage, or social media platforms like WhatsApp, Email, Facebook, and X (Twitter).

Houzeo's platform already offers powerful buyer tools like IntelliSearch for natural language searches and Favorites for bookmarking desirable homes. The "Save Search" feature builds on these capabilities, providing an intuitive way to find homes that match their preferences, right down to the neighborhood. By providing simple discovery and transaction tools, Houzeo aims to give buyers more control over their homebuying journey. If it's related to your house, Houzeo has you covered.
