

Author SE Quinn Brings Groundbreaking Tech Memoir Digital Odyssey to Book Passage San Francisco

SAN FRANCISCO, CA, UNITED STATES, November 11, 2025 /EINPresswire.com/ -- On November 20, 2025, author and internet pioneer [SE Quinn](#) will appear at [Book Passage](#) at the Ferry Building for a reading and conversation about her debut memoir, *Digital Odyssey: Tech Whiz Girl Bursts Own Bubble* ([Ballast Books](#), 2025). The event celebrates Susan Quinn's acclaimed new book, a vivid personal history from the dawn of Silicon Valley's internet revolution.

In *Digital Odyssey*, Quinn traces her journey from single mother and self-taught technology CEO to founder of Wordcasters, the first live text-streaming platform, recognized in Mecklermedia's Guide to Webcasting as the only source for text streaming at the time. Her story—equal parts innovation chronicle and personal reckoning—examines ambition, motherhood, and the search for self-worth beyond systems built to overlook both.

Lauded by Kirkus Reviews as “a hard, bracing look back at being a woman leader in the first era of the Silicon Valley grind,” *Digital Odyssey* is a must-read title that has received glowing reviews. Describing the book as “a revealing memoir that treats the 1990s tech world as a mirror reflecting what’s changed since then for women and for the world—and what hasn’t,” Kirkus also praises Quinn’s “wry self-awareness and sharp comic timing” throughout the book.

Quinn's appearance at Book Passage will include a brief reading, Q&A, and signing. Guests will be treated to complimentary pours from Vinos Unidos and Caymus Vineyards, featuring red, white, and rosé selections from their award-winning wine portfolios. Copies of *Digital Odyssey* will be available for purchase on site and online at [sequinn.com](#) or wherever books are sold.
