Built with MarTech intelligence, it enables stores to promote their brand, offers, and events around the clock.

TAIPEI CITY, TAIWAN, November 12, 2025 /EINPresswire.com/ -- [GO CAYIN](https://www.gocayin.com/) poster is a cloud-based digital signage solution designed for shop owners, restaurants, and retailers. Built with MarTech intelligence, it enables stores to promote their brand, offers, and events around the clock — no extra hardware, no design skills required, and no downtime for sales. Users can start free and upgrade flexibly to unlock advanced templates and automation features.

Empowering Store Owners Through Digital Transformation

In today's era of digital transformation and MarTech innovation, store owners and small businesses are seeking smarter, more affordable ways to engage customers and boost revenue. GO CAYIN poster is a cloud-based digital signage platform built to make that possible — helping businesses digitalize marketing effortlessly and enhance in-store performance. Leveraging CAYIN Technology's extensive experience in display and cloud innovation, the platform integrates MarTech with visual communication, turning every screen into a marketing channel that works 24/7.

Flexible, Instant, Simple: The Power of 24/7 Brand Communication

GO CAYIN poster is built on three core principles — flexibility, instant updates, and simplicity. Businesses can continuously broadcast promotions, campaigns, or brand messages across their stores without the need for dedicated hardware or complex setup. From retail shops and restaurants to salons and hotels, users can easily create digital posters and play them anytime, anywhere — ensuring consistent brand exposure and stronger customer engagement.

Free Registration: Create Cloud Advertising Screens with Your Own Devices

With free registration, users can instantly access the GO CAYIN poster cloud platform to design and display content on their own devices — including Android TVs, tablets, or PCs. Simply download the CAYIN Signage Player App or use a playback link (URL) to show content immediately. There's no need for extra hardware or on-site maintenance, making digital advertising truly accessible and cost-effective.

When businesses require more advanced features or multiple screens, they can easily upgrade their subscription to unlock premium templates and automation tools.

Flexible Subscription Model: Unlock Premium Features for Multi-Store Management

GO CAYIN poster offers a flexible subscription model that allows users to upgrade or cancel anytime with no long-term commitment. Subscribers gain access to a wide variety of professional templates and advanced features such as auto-play on startup, login-free playback, and multi-device synchronization — perfect for multi-store brands and franchises that need consistent, automated content management across locations.

As a leading example of MarTech-driven cloud signage, GO CAYIN poster enables every store to automate marketing, visualize brand messages, and operate digital campaigns with ease.

Tutorial videos and professional support are available to help users get started quickly.

GO CAYIN poster — Turn every screen into your marketing channel and let your business run 24/7 on smart MarTech automation.
