

Maverick Power Becomes Official Manufacturer of Speed-D® Switchboards

Maverick Power now manufactures the Speed-D® switchboard line, delivering the same trusted performance with faster production and dependable quality.

MCKINNEY, TX, UNITED STATES, November 12, 2025 /EINPresswire.com/ -- Maverick Power, one of the fastest-growing U.S. manufacturers of custom power-distribution equipment, has officially become the manufacturer for the [Speed-D® switchboard line](#), effective October 15, 2025.

“

Speed-D has long been trusted for its reliability and performance. We're carrying that legacy forward with the same commitment to quality, now backed by Maverick speed, flexibility, and precision.”

Chad Dodd, Chief Technology Officer of Maverick Power

This transition follows Schneider Electric's Product [Change Notification #POW250010](#), which confirmed that all Speed-D® manufacturing, documentation, and technical support responsibilities have transferred to Maverick Power.

“Maverick Power is proud to continue the Speed-D® legacy,” said Chad Dodd, Chief Technology Officer of Maverick Power.

Seamless Transition for Customers

As of October 15, all new Speed-D® orders, documentation, and technical support are now managed directly through Maverick Power. Customers are already experiencing:

- Uninterrupted product availability for the full Speed-D® line
- Accelerated lead times through Maverick's vertically integrated production model
- Dedicated technical support and access to updated documentation at www.speedd@maverickpwr.com

About the Speed-D® Line

The Speed-D® switchboard family is engineered to deliver exceptional reliability, safety, and serviceability. Speed-D® is a merchandised, ready-to-install switchboard solution designed for service-entrance applications with EUSERC utility metering up to 800 A and 480 V, available in both NEMA 1 indoor and NEMA 3R outdoor construction.

A Legacy of Innovation and Growth

Maverick Power serves data centers, industrial facilities, utilities, and healthcare organizations nationwide. The company's rapid expansion—driven by its focus on quality, speed, and customer-centric innovation—has made it one of America's most recognized manufacturing success stories.

About Maverick Power

Maverick Power is a U.S. manufacturer of custom power-distribution equipment serving mission-critical industries. Founded on the principles of speed to market, engineering agility, and deep customization, Maverick Power delivers high-performance solutions that meet the most demanding standards for reliability, safety, and compliance across data-center, industrial, and utility environments.

The advertisement features a tall, silver, industrial-grade switchboard standing on a blue cylindrical base. The background is a light blue gradient. In the top right corner, the 'MP MAVERICK POWER' logo is displayed. To the left of the switchboard, the text 'SPEED-D® SWITCHBOARDS ARE NOW MANUFACTURED BY MAVERICK POWER' is written in a bold, blue, sans-serif font. Below this, a smaller line of text reads: 'The trusted Speed-D® legacy continues with Maverick Power delivering proven performance, faster production, and uninterrupted availability.' At the bottom of the image, a small blue banner contains the text: 'The SPEED-D trademark is a registered trademark owned by Schneider Electric and used under license by Maverick Power.'

MP MAVERICK POWER
