Factors that promote growth of the travel & tourism industry include, changes in lifestyle, increase in tourism promotion, and surge in accessibility of transport facilities. Moreover, continuous development in the travel & tourism industry and integration of various segments such as hospitality & infrastructure with government initiatives accelerate growth of the global travel & tourism industry, which propels the travel accessories market growth.

The market is segmented into type, distribution channel, and region. On the basis of type, the market is categorized into travel bags, electronic accessories, travel pillow and blanket, toiletries, and others. On the basis of distribution channel, it is bifurcated into supermarkets/hypermarkets, specialty stores, factory outlets, online stores, and others. On the basis of region, it is analyzed across North America (the U.S., Canada, and Mexico), Europe (Germany, France, UK, Italy, Spain, Russia and Rest of Europe), Asia-Pacific (China, Japan, India, Australia, South Korea and Rest of Asia-Pacific), and LAMEA (Latin America, Middle East and

Africa).

According to the travel accessories market trends, on the basis of type, the travel pillow and blanket segment was valued at \$6,280.1 million in 2021 and is projected to reach \$13,029.3 million by 2031, growing at a CAGR of 6.9% from 2022 to 2031. Growing incidences of sleeping disorders and back pain and requirement for comfortable sleeping positions while traveling are likely to generate demand for travel pillow and blankets. A neck pillow supports the neck and head to reduce the pain by creating natural resting positions. Growing use of sustainable materials for making travel pillow and blankets and rise in acceptance for eco-friendly products further accelerate the growth of the travel accessories market share through the travel pillow and blankets segment.

According to the travel accessories market analysis, by distribution channel, the online stores segment was valued at \$9,502.3 million in 2021 and is expected to grow at \$22,691.6 million by 2031, registering a CAGR of 8.4% during the travel accessories market forecast period. The shopping behavior of millennial generation and emergence of mobile devices for internet access are expected to boost the travel accessories market growth. Rise in penetration of various online portals in developing economies has led to the market growth through the online stores. Therefore, online stores for sales of travel goods, including travel bags, travel electronic accessories, pillow and blankets is anticipated to grow in the future.
