MIAMI, FL, UNITED STATES, November 15, 2025 /EINPresswire.com/ -- The National Minority Supplier Development Council ([NMSDC](#)) proudly announces the successful conclusion of its 2025 Annual Conference & Exchange, held Nov. 2-5 at the Miami Beach Convention Center.

NMSDC Ribbon Cutting Ceremony

Under the theme “Navigating Our New Economy,” this year’s event brought together more than 3,500 attendees, including corporate executives, procurement leaders, policymakers, and Minority Business Enterprises (MBEs) from across the nation and around the globe.

The conference served as a powerful platform for candid conversations, strategic insights, and actionable solutions to address the challenges and opportunities shaping today’s economic landscape. Highlights included keynote sessions, impact labs, matchmaking opportunities, and groundbreaking announcements such as the 2024 Economic Impact Report, showcasing the extraordinary contributions of NMSDC-certified MBEs to the U.S. economy.

“Our mission is clear: MBEs must not only participate in the economy, but they must also shape its future, said NMSDC’s President and CEO Donald Cravins, Jr. “Together, we will modernize, innovate, and align our network to connect opportunity with capacity at scale. This is not just about growth; it’s about building an economy that works for everyone.”

The event featured dynamic sessions on access to capital, digital transformation, sustainability, and global supply chain inclusion, reaffirming that supplier inclusion is not a program; it’s a strategy for national competitiveness.

NMSDC extends its deepest gratitude to all attendees, sponsors, speakers, and partners who made this year's conference a resounding success. Your commitment and collaboration are driving the movement forward and ensuring that MBEs remain essential drivers of innovation, job creation, and economic growth. As we close this chapter, NMSDC looks ahead with renewed urgency and purpose, knowing that together, we will continue to advance economic impact and shared prosperity for generations to come.
