The Coalition for Equity in Wholesaling is dedicated to advancing diversity, equity, and inclusion within the financial services industry, particularly in the wholesaling sector. By partnering with Achievable, the Coalition will better equip its membership - many of whom are aspiring professionals from underrepresented backgrounds - with the resources they need to earn critical securities licenses and accelerate their careers in finance.

"Access to education is one of the most powerful tools for change," said Angela Tennison, Executive Director of the Coalition for Equity in Wholesaling. "By working with Achievable, we can remove one of the barriers that too often prevents talented individuals from pursuing careers in financial services. This partnership is another step forward in our mission to create equity and opportunity in wholesaling and beyond."

Achievable's Achievable For All program provides discounted or free access to the company's test prep resources to nonprofits and organizations serving underrepresented and underserved communities. The program has previously partnered with organizations such as Mamás Unidas Little Rock and BLK Capital Management to provide high-quality, affordable test preparation for standardized exams, including the ACT and FINRA Series 7.

"Our mission at Achievable has always been to make test prep more effective, more affordable, and more accessible," said Tyler York, CEO of Achievable. "Partnering with the Coalition for Equity in Wholesaling allows us to continue that mission by helping prepare the next generation of diverse leaders in financial services."
