aZengear Jacket Repair Patches - Waterproof, Self-Adhesive, Tear-Cold-Heat-Resistant

“

aZengear patches make it easy to fix your favourite gear instead of throwing it away. With 30+ colours, anyone can match their jacket perfectly and make sustainable living simple and stylish.”

Emily Carter, Product Development Manager

Made from durable and recycled ripstop polyester, aZengear repair patches are waterproof, tear-resistant, and temperature-resistant, designed to fix tears in jackets, tents, sleeping bags, and outdoor gear in seconds with no sewing or ironing required. Each set includes different pre-cut shapes, ready to apply for quick and long-lasting repairs.

No other brand on the market offers such a wide variety of colours that match most popular puffer jacket brands. The material and adhesion quality of aZengear patches are also superior to most alternatives, ensuring stronger hold and cleaner finish even in harsh outdoor conditions.

After strong demand across Europe and North America, aZengear has expanded its global logistics to serve customers worldwide. Each patch set is certified by ClimatePartner as being carbon neutral, ensuring that every repair contributes to reducing waste and offsetting

emissions.

Perfect for outdoor enthusiasts, travellers, and eco-conscious families, aZengear repair patch kits also make a thoughtful holiday gift for friends and loved ones who value sustainability and adventure.

The brand's repair patches are part of aZengear's broader mission to promote a repair-first mindset. By helping extend the life of clothing and equipment, the company aims to reduce landfill waste and support a more circular outdoor economy.

aZengear is open to B2B partnerships and retail opportunities with distributors, outdoor stores, and eco-lifestyle retailers looking to expand their sustainable product offerings.

About aZengear

The advertisement features a grid of 30 color swatches for the repair patches, ranging from 1 Sky Blue to 30 Rebecca Purple. A speech bubble from a bear wearing a brown puffer jacket says "Fix It, Don't Ditch It! 30+ Colours to Choose From". Below the grid, a box of aZengear Self-Adhesive REPAIR PATCHES is shown, along with a black hat and a "95/100 VERY GOOD" label. The bottom section shows a "BEFORE" and "AFTER" comparison of a jacket repair, with a woman applying a patch to a blue jacket.
