"We brought Cerberus in for our first festival event at our cricket club. "West Fest". From start to finish it was clear they knew what they were doing. They helped us every step of the way from planning through to providing staff on the day. Without them, the event would not have gone as smooth as it did so thank you to Tommy, Jamie and all the staff that came with them for doing such a great job and will be having them back for any future events we run."

"We had a security firm drop out last minute on an event we were organising. Cerebus North West stepped in and really did save the day. They really understood the brief from the start, were able to mobilise an experienced and really friendly team at short notice and did an amazing job keeping everyone safe and informed on the day. I cannot thank Tom and his team enough for this. We would have had to cancel had it not been for them. We will always use Cerebus now and recommend them to anyone we are asked to work with on their events."
