The Advocate says, "When the family of a navy veteran who now has mesothelioma or asbestos exposure lung cancer goes on the internet to try to figure out how to get possible compensation they are greeted by an incredibly confusing array of claims, or compensation centers, and or law firms that make it sound like they can help. Half or more of these internet postings are sponsored by middlemen law firms that are nothing more than brokers.

"As we are always happy to discuss at 866-714-6466 a navy veteran who has mesothelioma or asbestos exposure lung cancer deserves the best legal representation because there is a direct relationship to the lawyer they hire and the compensation the veteran or their family might receive. The lawyers we are referring to are either the managing partner or co-founding partner of their law firm and in the mesothelioma or asbestos exposure lung cancer world they are the top lawyers in the nation.

"If your loved one is a navy veteran and he has just been diagnosed with mesothelioma or asbestos exposure lung cancer please call us anytime at 866-714-6466 for direct access to the nation's most skilled lawyers. There is no group like us in the nation. We want a navy veteran with mesothelioma or asbestos exposure lung cancer to receive the best compensation results."
