Voluntary Health Organizations Global
Market Report 2025 – Market Size,
Trends, And Forecast 2025-2034*

LONDON, GREATER LONDON, UNITED
KINGDOM, November 19, 2025
/EINPresswire.com/ -- [Voluntary Health
Organizations Market](#) Growth Forecast:
What To Expect By 2025?

The market size for voluntary health organizations has seen a robust increase in past years. The market size, which was worth \$45.94 billion in 2024, is predicted to expand to \$48.47 billion in 2025, showing a compound annual growth rate (CAGR) of 5.5%. The growth during the historic period is a result of increased public health consciousness, fundraising efforts, donation inflows, research initiatives, advocacy, and concentration on specific diseases.

What Are Key Factors Driving The Demand In The Global Voluntary Health Organizations

Market?

The anticipated rise in voluntary donations is projected to stimulate the voluntary health organizations market's demand. Most revenue for these organizations comes from the public's voluntary donations intended for health, community services, and welfare-related projects. For example, UNICEF's total income rose to \$9,326 million in 2022, up from \$8,122 million in 2021. Consequently, the increase in voluntary donations from the general public is forecasted to propel the expansion of the voluntary health organizations market.

Who Are The Leading Players In The Voluntary Health Organizations Market?

Major players in the Voluntary Health Organizations include:

- Mercy Ships
- American Heart Association
- Angelwood Inc.
- Valley Aids Council
- March of Dimes
- Amyotrophic Lateral Sclerosis Association
- American Lung Association
- Muscular Dystrophy Association
- Center Industries Corporation
- AccessCNY

What Are The Future Trends Of The Voluntary Health Organizations Market?

Leading firms in the voluntary health organizations market are merging their resources and efforts to build and launch online platforms aimed at fostering healthcare volunteerism. Such platforms serve to connect volunteers with medical institutions and patients requiring care and help. They facilitate volunteers in carrying out tasks remotely via these digital platforms from their homes, offices, or other public places. For example, in January 2023, the USA's non-profit honor society Sigma Xi rolled out the Interactive Volunteer Platform. This fresh online platform intends to champion volunteer involvement in the healthcare industry. The platform will provide avenues for members and volunteers to engage in society undertakings, peer mentoring opportunities, and various events at the chapter level. The launch of this new platform was made possible through collaboration with Galaxy Digital, a US-based software firm that assists non-profits in tracking and managing volunteer activities and their impact on the community. The platform will also guide Sigma Xi members in identifying volunteer positions linked to health and wellness such as hospital, clinic, and other healthcare organization volunteering opportunities.
