"I am so impressed with this company. Matt came out and did a free consultation and was very professional. He was flexible when we had to reschedule the job and made the whole process easy. His project manager and the crew were incredible. They were prompt, respectful, and incredibly efficient. Their work was flawless and we couldn't be happier with the outcome. Honestly, my husband was worried about the quality we would receive because the cost was so reasonable, and he was also impressed. 10/10. Highly recommend."

"Plan the painting in advance of siding and windows and coordinated with a color person from the paint manufacturer to get the color that works, match it well with my new deck. The work was done in a pace that was not rushed. The paint used was a top of the line. Would highly recommend this company for painting."

"Matt (owner) was lovely to work with. He came out for the initial quote and answered all questions and really knew his stuff. The team then that worked on the prep and the house painting were efficient and cleaned up everything nicely. Our quote was affordable compared to others and the communication and customer service was commendable. I highly recommend them!"

"We recently had the exterior of our house painted by Precision Painting, and I can't say enough good things about the experience. Daniel and his crew were absolutely amazing from start to finish. Their communication was excellent throughout the entire process—they kept us informed every step of the way and made sure we were comfortable with each part of the project. They worked quickly but never sacrificed quality. The attention to detail was impressive, and they left everything looking clean, sharp, and exactly how we envisioned it. It's rare to find a crew that's both efficient and so thorough. We're beyond happy with how the house turned out and would highly recommend Precision Painting to anyone looking for top-notch exterior work. Thank you, Matt, Daniel and team!"
