

Lily van Dang Releases Bold New Afrobeats Single, entitled 'Hating Bitches'

FL, UNITED STATES, November 19, 2025 /EINPresswire.com/ -- Rising artist Lily van Dang introduces "Hating Bitches": an unapologetic fusion of Afrobeats and hip hop celebrating resilience, confidence, and self-ownership.

In an era where pop culture is increasingly defined by authenticity and self-expression, Lily van Dang is redefining the sound of empowerment. "Hating Bitches" captures the energy of a generation unafraid to stand tall against criticism, transforming defiance into rhythm. Produced in collaboration with Grammy Award-winning producer Rene van Verseveld, the track blends world-class production with Lily's fearless cross-genre artistry. Unlike conventional pop releases that rely on formulaic hooks, "Hating Bitches" is built on a raw, global sound that spans cultures and genres. It speaks to anyone who has ever been underestimated, offering both a beat to move to and a message to live by.

"This song is about walking into a room and owning it," says Lily van Dang. "Even when people doubt you or talk behind your back. I've always been the underdog, so I wanted to flip that energy into something empowering, something you can dance to but also feel."
