[Systems](#) (GDS) is proud to welcome Monica Theriot-Habetz as its new Vice President of [Service Fulfillment & Compliance](#), further strengthening the company's commitment to operational excellence, strategic growth, and client success.

With more than 35 years of experience in engineering and technology, Monica brings a track record of visionary [leadership](#) and transformative execution. Her career has spanned senior leadership roles across engineering, project management, and IT operations, where she has consistently driven results through financial stewardship, collaborative problem-solving, and a relentless focus on measurable outcomes.

"Monica's ability to balance the demands of day-to-day execution with a long-term process improvement mindset makes her a perfect fit for GDS," said Doug Pickle, President of Global Data Systems. "She brings not only technical expertise but also a leadership style grounded in mentorship, accountability, and a deep commitment to excellence."

Before joining GDS, Monica served as Director of IT/Project Management at Petroleum Engineers, where she led complex cross-functional initiatives and advanced digital transformation in the energy sector. She attended University of Louisiana at Lafayette with a focus on Mechanical Engineering (CAD-CAM), where she also developed a strong foundation in analytical thinking and systems design that shaped her approach to technology leadership.

Throughout her career, Monica has championed process innovation, team development, and technology-driven solutions that deliver long-term value to organizations and their stakeholders. Her approach is rooted in transparency, talent cultivation, and continuous improvement, key pillars of GDS's culture.

“
