

# Asher College Sacramento Revives Free PC Repair Clinic

*The free PC Repair Clinic at Asher College Sacramento has relaunched, once again empowering IT students and serving the local community.*

SACRAMENTO, CA, UNITED STATES,  
November 20, 2025 /

EINPresswire.com/ -- The Information Technology (IT) Department at [Asher College](#) is thrilled to announce the return of its highly popular Free PC Repair Clinic at the [Sacramento campus](#)—offering complimentary computer repair services to the public while providing invaluable hands-on training for its students.

The PC Repair Clinic is now open every Friday from 11 a.m. to 4 p.m., welcoming members of the Sacramento community to bring in their desktop or laptop computers for free diagnostics, virus removal, hardware and software installation, system maintenance, and repairs. Services are performed by Asher's IT students under the expert supervision of industry-certified instructors—ensuring professional-level care at no cost.

This initiative is a win-win for both the community and students. Local residents receive essential technology support they might otherwise be unable to afford, and Asher students gain real-world experience that helps them build confidence, sharpen technical skills, and prepare for high-demand careers in information technology.

"Asher College is honored to continue our decade-long tradition of supporting the greater Sacramento community through the PC Repair Clinic," said Campus Director Eddie Cook. "This initiative is fundamental to our mission. It gives our students the live, practical experience they need to become successful IT professionals while ensuring our neighbors have access to a much-needed service, completely free of charge."
