Dan Filby, CEO

Workforce Solutions, a leading national provider of pre-employment, drug and workforce screening solutions, today announced its recognition as a top-ranked provider in the 2025 HRO Today Baker's Dozen Customer Satisfaction Ratings for Pre-Employment Screening. The acknowledgment underscores AccuSourceHR's reputation for exceptional client service, enterprise-level solutions, and unwavering commitment to accuracy and

compliance.

The HRO Today Baker's Dozen rankings are widely regarded as the industry's most trusted benchmark for evaluating background screening providers. The 2025 survey analyzed more than 700 verified responses from 345 companies, evaluating performance across three key categories:

- Service Breadth – the range and depth of solutions offered
- Deal Size – the scale and complexity of client relationships
- Service Quality – overall satisfaction and client experience

Results are determined using HRO Today's proprietary algorithm, which ensures objectivity by removing incomplete or extreme responses before calculating final scores.

In this year's results, AccuSourceHR received particularly high marks for Service Quality, reflecting its dedication to personalized, U.S.-based client support and its proven ability to deliver responsive, high-touch service across diverse industries.

“We're honored to be recognized among the top screening providers in the country,” said Dan Filby, CEO. “This recognition validates our belief that great technology must be paired with exceptional human service. Our innovative technology enables faster, smarter compliant
