NEW YORK, NY, UNITED STATES, December 2, 2025 /EINPresswire.com/ -- There is tremendous buzz surrounding the launch of JULIANA JONES' NEW MEMOIR:

MEG & I; A Love Story

HOW RESCUING A GERMAN SHEPHERD HEALED MY BROKEN HEART

Jet setter Juliana Jones came on hard times after Covid, and after a long fall from grace as a Wall Street executive, an imploding day trader, and a failed Hollywood screenwriter, she hung it up and headed to the East Coast to be close to her "nurturing family."

Not even imagining things could get any worse, after losing her final job delivering pizzas on an island due to a crumbling arthritic condition, she decided to rescue a German Shepherd.

This dog spun her life around.

After living a good, solid life, never committing to anything or anyone, she now has this wild beast of a German Shepherd as her service animal.

How does she survive it? Or does she survive it at all? Or does it turn out to be the greatest love story known to mankind when she comes to love animal more human?

This heartwarming and healing new memoir comes in December 2025, just in time for the holidays. The book has hit #1 on Amazon under new releases, with early reviews calling it a best

book of the year.
