[Salon & Suites](#), founded by seasoned beauty professional Christina Christy-Belahbib, is redefining the beauty experience for both clients and

independent stylists in Delaware County. With a newly remodeled space, a story rooted in resilience, and a mission focused on empowerment, the salon is poised to become a cornerstone for beauty, mentorship, and entrepreneurship in Springfield.

“

I created Mirror Mirror to give beauty professionals the support and opportunity I once wished for, so they can build their future confidently.”

Christina Christy-Belahbib

Christina’s journey in the beauty industry began at just sixteen years old. What started as a simple job sweeping floors and assisting stylists quickly grew into a passion that shaped the direction of her life. After attending hair school, she dedicated years to mastering her craft, building a loyal clientele, and learning the inner workings of a profession known for its creativity, challenges, and constant change. Her early experiences gave her a unique perspective, one shaped by perseverance, curiosity, and the drive to grow

despite obstacles.

Throughout her nearly 30-year career, Christina experienced the realities of the beauty world firsthand: long hours, rising competition, shifting client expectations, and the financial pressures that come with building and sustaining a business. Instead of viewing these challenges as setbacks, she saw them as opportunities to create something better, not just for herself, but for others. Each milestone, each pivot, and each challenge contributed to the vision that would

eventually become Mirror Mirror Salon & Suites.

Mirror Mirror Salon & Suites reflects Christina's evolution from stylist to leader, mentor, and business owner. Designed to be more than just a salon, the space merges beauty services, entrepreneurship, and personal empowerment into one cohesive environment. Located in the heart of Springfield Township, the newly updated salon features modern finishes, warm aesthetics, and a layout designed to foster comfort, community, and creativity.

For clients, the salon offers a full range of beauty and skin services delivered by experienced professionals who share Christina's values of excellence, care, and authenticity. The atmosphere is intentionally cozy, inviting, and uplifting, attributes that Christina believes are essential to helping clients not only look their best, but feel their best. The space includes an in-house retail shop offering curated beauty products that support clients' at-home care routines and enhance their experience beyond the chair.

While the salon serves as a haven for clients, it is also a transformative opportunity for beauty professionals ready to grow. Christina designed Mirror Mirror Salon & Suites with dual pathways to support stylists, estheticians, and beauty entrepreneurs at different stages of their careers.

For those who thrive in a collaborative and team-oriented setting, the salon's chair rental program offers the ideal environment. Stylists receive the freedom and flexibility of running their business while benefiting from a supportive culture, shared resources, and a vibrant community.

For professionals ready to take the next big step toward independence, the salon offers fully furnished private suites strategically designed to reduce barriers to entry. These suites include essential hookups, fixtures, and the infrastructure needed to operate smoothly from day one. This turnkey model allows beauty entrepreneurs to avoid the overwhelming costs and complexities that typically accompany opening a private studio. Instead, they gain a space that is fully equipped, welcoming, and built to showcase their services while allowing them to focus on what they do best: serving clients.

Christina's mission is rooted in making success more attainable for the next generation of beauty professionals. Having experienced the hardship of navigating the industry alone, she

understands the importance of support, mentorship, and practical resources. Mirror Mirror Salon & Suites is the embodiment of her belief that success should not be inaccessible or intimidating. Her goal is to empower stylists and estheticians to grow with confidence, operate with freedom, and build careers that are both fulfilling and sustainable.

Beyond its services and suites, Mirror Mirror Salon & Suites is built on a culture of warmth, respect, and genuine care. Christina has cultivated an environment where professionals feel encouraged and appreciated, and where clients feel welcomed from the moment they walk through the door. Every detail, from the salon's layout to its hiring philosophy, reflects the values of positivity, community, and personal connection.

As Christina continues to lead with vision and heart, Mirror Mirror Salon & Suites is poised to become a landmark for beauty and entrepreneurship in the Springfield area. Whether serving clients seeking high-quality services or empowering professionals ready to take the next step in their careers, the salon represents a beautiful balance of creativity, opportunity, and purpose.
