

HIROH Launches Black Friday Special for Privacy-First Flagship Smartphone

Free Case with Every Purchase + Exclusive Access to Limited Edition Platinum Model

AUSTIN, TX, UNITED STATES, November 25, 2025 /EINPresswire.com/ -- [HIROH](https://www.hiroh.io) powered by Murena's /e/OS privacy operating system, the world's most secure, privacy-first flagship smartphone, today announced an exclusive Black Friday promotion offering early customers unmatched value, exclusive perks, and access to the newest addition to the HIROH lineup. Beginning November 24 through December 7, every customer who purchases a HIROH device at www.hiroh.io or www.murena.com will receive a FREE premium protective case with their order.

In addition, all Black Friday customers will gain priority access to pre-order the HIROH Platinum Edition, a limited-production model designed for early HIROH supporters. The Platinum Edition features a refined, minimalist finish and will be available only in limited quantities—offered first to those purchasing during this exclusive Black Friday window.

"At HIROH, our mission is simple: to combine elite security, premium flagship hardware, and complete digital privacy," said Victor Cocchia, chief executive officer of HIROH. "This Black Friday promotion rewards our earliest customers with something truly special—added protection for their device and early access to one of the most exclusive versions of the HIROH phone."

HIROH

Powered by Murena’s privacy-first /e/OS, the current HIROH model delivers an uncompromising blend of secure hardware architecture and a fully de-Googled, tracker-free mobile experience. Together with HIROH’s dual kill switches, security first elements, and flagship-level performance, the device sets a new standard for consumers who demand both luxury, security and privacy without compromise.
