

EVENTUS SCIENTIFICA LLC ESTABLISHES FUTURE SCHOLAR AWARD

A philanthropic award to advance science for our up-and-coming STEM professionals

MYRTLE BEACH, SC, UNITED STATES, December 2, 2025 /EINPresswire.com/ -- Eventus Scientifica LLC is proud to announce the establishment of a new academic [scholarship](#) award for high-potential students wanting to continue their education in the areas of Science, Technology, Engineering, and Math (STEM). We are grateful for our continued growth, and for the impact that we continue to make. With the holiday season nearly upon us we are privileged to give this gift. The scholarship award is available to high school seniors who have distinguished themselves by demonstrating outstanding academic performance and exhibiting an altruistic pattern of service to their community. Richard Goodheart, Founder and President of Eventus Scientifica, commented "It is a privilege to give back and recognize those young aspiring individuals who are interested in pursuing a secondary education in the pure and applied sciences and who are working hard to fulfill their passion. The United States is lagging the rest of the world in producing scientific talent and we are pleased to serve, in some

Science Scholarship Award

small way, as an inspiration and to support our next generation of STEM professionals". Further, Richard commented "It is with great respect and appreciation to all the clients we serve who's support makes this possible".

“

I have not failed. I've just found 10,000 ways that won't work"

Thomas Edison

The first scholarship will be awarded to Niagara Wheatfield High School located in Sanborn, New York. Marissa Vuich,

Niagara-Wheatfield High School principal, said "It is an honor for one of our alumni to make this generous scholarship opportunity available to our students and is witness to our dedicated staff

and the high standards of academic excellence we strive to achieve each year”.

The Eventus Scientifica Future Scholar Award is merit-based and includes a medallion for meritorious achievement and a cash payment to the successful candidate to help defray the cost of higher education. It also provides access to Eventus Scientifica’s world-class scientific advisory board for mentorship. Applications will be accepted from January to March 2026 with award being made in the spring for the next collegiate academic year. The application process consists of a formal cover letter of introduction, a 200-word essay on their desired field of study and aspirations, review of the candidate’s academic transcript, 2 letters of recommendation from high school staff, and an interview with Eventus Scientifica.

About Eventus Scientifica LLC:

Eventus Scientifica LLC is a rapidly growing global consultancy located in Myrtle Beach South Carolina USA focused on science and advanced technologies to help companies optimize their sales and marketing, spark innovation, out-pace market growth, and beat their competition.
