Takumi stands out for its unique approach to restaurant design, drawing inspiration from the traditional Japanese robatayaki cooking method. The designers at NI Space Design skillfully broke away from conventional Japanese design elements, instead opting for a theatrical layout with curves and high ceilings. The interwoven arcs create diverse and engaging scenes, while the layered seating arrangement, centered around the robatayaki bar, provides a sense of depth and immersion. The incorporation of glass brick walls adds an illusionary touch, transforming the
