Siam Pang Forest Lodge opens in Cambodia's Siem Pang Wildlife Sanctuary, offering luxury safari stays that directly support vital conservation efforts

PHNOM PENH, CAMBODIA, December 1, 2025 /EINPresswire.com/ -- With a deep-rooted commitment to nature conservation, [Exclusive Tents](#) is proud to announce the official opening of [Siam Pang Forest Lodge](#), nestled within the Siem Pang Wildlife Sanctuary in northern Cambodia. The Siem Pang Wildlife Sanctuary is a globally irreplaceable natural treasure and one of the largest remaining blocks of protected lowland forest across Cambodia, Laos, and Vietnam. It is home to five critically endangered bird species, including Cambodia's national bird, the majestic Giant Ibis. Born from a bold and holistic vision for protected-area conservation, Siam Pang Forest Lodge was developed in close partnership with the Cambodian Ministry of Environment and the conservation organization Rising Phoenix. The shared mission: to restore, rewild, and permanently protect the spectacular landscape that surrounds the lodge.
