

PetVivo to Exhibit at the American Association of Equine Practitioners Convention on December 6-10, 2025

MINNEAPOLIS, MN, UNITED STATES, December 1, 2025 /EINPresswire.com/ -- PetVivo Animal Health, Inc., in cooperation with its parent PetVivo Holdings, Inc. (OTCQX: PETV; OTCID: PETVW) and affiliate PetVivo AI, Inc., a leading provider of medical devices and biomedical therapeutics for equines and companion animals, will exhibit at the American Association of

Equine Practitioners ("AAEP") convention to be held December 6th to December 10th, 2025 at the Colorado Convention Center, Exhibit Halls B, C and D, in Denver, Colorado.

PetVivo will exhibit its lead products, Spryng® with OsteoCushion® Technology and PrecisePRP™. Spryng is an intra-articular injectable veterinary medical device composed of sterilized, extracellular matrix microparticles. The microparticles of Spryng have been found to adsorb onto the joint synovial lining of animals and subsequently integrate with the animal's subsynovial tissue. Such action promotes the restoration of proper joint mechanics, thereby aiding in the management of noninfectious sources of joint pain such as joint instability, degenerative joint disease and osteoarthritis.

PrecisePRP is a first-in-class off-the-shelf platelet-rich plasma (PRP) product designed for use by veterinarians. PrecisePRP is a leucoreduced, allogeneic, pooled, freeze-dried PRP intended to provide a species-specific source of concentrated platelets in plasma for intra-articular administration in dogs and horses. Unlike any PRP mechanical kits currently on the market, PrecisePRP™ does not require a blood draw or centrifugation making it a truly off-the-shelf product that is easy and convenient. Perhaps more important is the uniformity and consistency that PrecisePRP® guarantees. Each vial of PrecisePRP® contains a consistent dose of 4 billion platelets per vial at a concentration of 500,000 platelets per microliter and is leucoreduced with less than 1500 white blood cells per microliter.

"AAEP brings together the leading experts in equine health, and we are proud to participate again this year. Both Spryng with OsteoCushion Technology and PrecisePRP continue to

demonstrate meaningful clinical value for horses suffering from joint and soft-tissue challenges. Our commitment remains focused on supporting veterinarians with innovative solutions that improve mobility, performance, and overall quality of life for their equine patients."

Visitors to the AAEP Convention can see the Spryng exhibit at Booth #2406 on December 7, 2025, 10:00 a.m. to 6:00 p.m., December 8, 2025, 10:00 a.m. to 6:00 p.m. and December 9, 10:00 a.m. to 4:00 p.m.

About PetVivo Holdings, Inc.

PetVivo Holdings Inc. (OTCQX: PETV; OTCID: PETVW), in cooperation with its wholly owned subsidiaries PetVivo Animal Health, Inc. and PetVivo AI Inc., is an emerging biomedical device company currently focused on the manufacturing, commercialization and licensing of innovative medical devices and therapeutics for companion animals. The Company's strategy is to leverage human therapies for the treatment of companion animals in a capital and time efficient way. A key component of this strategy is the accelerated timeline to revenues for veterinary medical devices, which enter the market much earlier than more stringently regulated pharmaceuticals and biologics.

PetVivo has a robust pipeline of products for the treatment of animals and people. A portfolio of twelve patents and six trade secrets protect the Company's biomaterials, products, production processes and methods of use. The Company's lead products SPRYNG® with OsteoCushion® technology, a veterinarian-administered, intra-articular injection for the management of lameness and other joint related afflictions, including osteoarthritis, in cats, dogs and horses, and PrecisePRP®, a first-in-class, off-the-shelf, platelet-rich plasma (PRP) product designed for use by veterinarians, are currently available for commercial sale.

Forward-Looking commercial Statements

The foregoing information regarding PetVivo Holdings, Inc. (the "Company") may contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, each as amended. Forward-looking statements include all statements that do not relate solely to historical or current facts, including without limitation the Company's proposed development and commercial timelines, and can be identified by the use of words such as "may," "will," "expect," "project," "estimate," "anticipate," "plan," "believe," "potential," "should," "continue" or the negative versions of those words or other comparable words. Forward-looking statements are not guarantees of future actions or

performance. These forward-looking statements are based on information currently available to the Company and its current plans or expectations and are subject to a number of uncertainties and risks that could significantly affect current plans. Risks concerning the Company's business are described in detail in the Company's Annual Report on Form 10-K for the year ended March 31, 2025, and other periodic and current reports filed with the Securities and Exchange Commission. The Company is under no obligation to, and expressly disclaims any such obligation to, update or alter its forward-looking statements, whether as a result of new information, future events or otherwise.
