

EACR Inc – Allentown Strengthens Commercial Electronics & Battery Recycling Services Across the Lehigh Valley

Strengthening Commercial Electronics, Solar Panel & Battery Recycling Solutions for Businesses Across Allentown and the Greater Lehigh Valley

ALLENTOWN, PA, UNITED STATES,
December 1, 2025 /EINPresswire.com/

-- EACR Inc – Allentown is excited to announce the continued growth of its commercial electronics recycling, solar panel recycling, and battery recycling services for businesses, schools, and organizations throughout Allentown and the greater Lehigh Valley. From offices and warehouses to

manufacturers and solar developers, EACR Inc – Allentown provides compliant, efficient solutions for managing end-of-life electronics and technology equipment.

As companies upgrade IT systems, expand renewable energy projects, and replace aging devices, the volume of e-waste, solar panels, and batteries continues to rise. EACR Inc – Allentown offers local organizations a trusted, business-focused partner to handle these materials responsibly—helping keep hazardous components out of landfills while supporting internal sustainability and ESG goals.

“Our team in Allentown is focused on making electronics recycling simple, reliable, and compliant for local businesses,” said a representative of EACR Inc – Allentown. “Whether it’s a one-time cleanout, ongoing pickups, or a full facility decommissioning, we help organizations handle e-waste, solar panels, and batteries the right way.”

Comprehensive Commercial Recycling Services in Allentown, PA

EACR Inc – Allentown offers a wide range of commercial recycling services tailored to business and institutional needs, including:

Electronics Recycling

Commercial Electronics Recycling for offices, schools, warehouses, and industrial facilities

Computer & Laptop Recycling for outdated desktops, towers, and workstations

Server, Network & Telecom Equipment Recycling for IT rooms and data centers

Monitor, TV & Display Recycling for LCD, LED, and flat-panel screens

Printer, Copier & Office Equipment Recycling

Solar Panel Recycling & Solar Equipment Disposal for commercial solar projects

Battery Recycling including lithium-ion, rechargeable, UPS, and equipment batteries

Bulk E-Waste Pickup & On-Site Collection for businesses with larger volumes

By focusing on on-site pickup, palletized loads, and scheduled collection, EACR Inc – Allentown helps companies complete technology refreshes, office moves, facility cleanouts, and decommissioning projects with minimal disruption.

Compliance, Security & Sustainability for Lehigh Valley Businesses

EACR Inc – Allentown emphasizes compliant, approved electronics recycling practices that align with applicable state and federal regulations. The company prioritizes responsible downstream handling of materials and supports customers' environmental, ESG, and sustainability initiatives.

With EACR Inc – Allentown, business clients can:

Reduce landfill impact from obsolete electronics, solar equipment, and batteries

Ensure responsible processing of metals, plastics, glass, and circuit boards

Support corporate sustainability policies, internal green programs, and reporting needs

"Companies in the Lehigh Valley care about how they dispose of old technology," the representative added. "We're here in Allentown to provide a convenient, local option for compliant electronics recycling and dependable pickup services."

Serving Allentown and the Greater Lehigh Valley

From its Allentown location, EACR Inc serves businesses across the Lehigh Valley and

surrounding Pennsylvania communities, including Allentown, Bethlehem, Easton, and nearby industrial and commercial hubs. The company works with office parks, medical facilities, manufacturers, warehouses, schools, and solar industry partners that need reliable electronics recycling, computer recycling, solar panel recycling, and battery recycling solutions.

About EACR Inc – Allentown
