

IBA Group's Cloud Platform Shortlisted in The 2025/26 Cloud Awards

IBA Group's ICDC cloud platform is shortlisted in The 2025/26 Cloud Awards program in the Best Hybrid Cloud Solution category.

PRAGUE, CZECH REPUBLIC, December 2, 2025 /EINPresswire.com/ -- [IBA Group's ICDC cloud platform](#) has been shortlisted in The 2025/26 Cloud Awards program in the Best Hybrid Cloud Solution category.

Operated by the international awards body of the same name, The Cloud Awards has been celebrating the leaders in cloud computing for 15 years. The program received entries from organizations of all sizes from across the globe, including the USA and Canada, the UK and Europe, the Middle East, and APAC.

“

Being named on the shortlist of The Cloud Awards is a wonderful reward for our team's efforts over the past year, and tremendous validation of our strategy and approach.”

Pavel Shkilionak, Director for Cloud Services, IBA Group

The program spans multiple areas of cloud computing. Specific solutions for security, CRM, and ERP, or wider expertise in SaaS, AI and IoT are all celebrated. Engineering excellence in cloud infrastructures, hybrid or multi-cloud environments, or PaaS is also rewarded, as are organizations at the top of their game in workplace culture, customer strategy, or project delivery.

James Williams, CEO of The Cloud Awards, said: “We're very pleased to reveal the shortlist for the 15th annual Cloud Awards. These awards are the home of worldwide recognition in the cloud computing industry, and the

organizations that have reached this year's shortlist, including IBA Group, are shining examples of those that are leading the industry forward through innovation and hard work. This year's awards promises to be an intriguing contest across all of the categories. The judges for the next stage of the awards are very excited to begin assessing the shortlist, and we look forward to finding out who will be named as finalists.”

Pavel Shkilionak, Director for Delivery Centers Development & Cloud Services at IBA Group, said: "We are very excited to have been shortlisted in the Best Hybrid Cloud Solution category in The 2025/26 Cloud Awards. Being named on the shortlist is a wonderful reward for our team's efforts over the past year, and tremendous validation of our strategy and approach. We look forward to the next step of the awards and wish success to all contenders."

□

The program will further begin its second round of judging, reducing the shortlist to a selection of finalists in each category.
