Empowering Health and Wellness Professionals

Wellness Vault Digital Resources Wellness Vault is a digital content platform created to support practitioners with ready-to-use, customizable materials. The platform includes nutrition guides, client handouts, intake forms, and educational templates, all designed to help health and wellness professionals streamline their operations and strengthen their client communications.

By combining practical tools with ACHS's evidence-based

academic foundation, this partnership creates new networking pathways for students and alumni pursuing careers in holistic health, nutrition, herbal medicine, and wellness coaching.

Enhancing Career Readiness and Professional Growth

For ACHS students, this partnership bridges the gap between academic learning and real-world application. Having access to professional resources through Wellness Vault means graduates can launch or scale their wellness practices with confidence and efficiency — whether they are building a client base, enhancing their brand, or offering educational programs.

“This partnership reflects our ongoing commitment to equipping students with the skills, tools, and connections they need to thrive in today’s health and wellness marketplace,” says ACHS COO [Ilana Rose Frigaard](#). “It gives students and alumni new ways to expand their networks, access tools for client success, and explore career tracks that align with their professional goals.”

Expanding Options for the ACHS Community

The collaboration underscores ACHS’s broader mission to build a connected ecosystem of education, career, and community partnerships that create long-term value for its learners. By connecting with organizations like Wellness Vault, ACHS continues to expand professional options for students and alumni as they progress through their academic and career journeys.
