

# SpaceHawkGPS Launches the #1 Hidden GPS Tracker With No Monthly Fee

*SpaceHawkGPS announced the launch of the SpaceHawk No Monthly Fee GPS Tracker, offering real-time tracking with zero subscription fees for the first full year.*

LOS ANGELES, CA, UNITED STATES, December 3, 2025 /EINPresswire.com/ -- [SpaceHawkGPS](#), a U.S. based innovator in advanced tracking technology, today announced the launch of the [SpaceHawk No-Monthly Fee GPS Tracker](#), offering real-time tracking with zero subscription fees for the first full year.

SpaceHawkGPS is purpose-built for protecting high-value assets. The National Equipment Registry estimates that over \$1 billion in construction equipment is stolen annually, and less than 25% is ever recovered.

"People are overwhelmed by subscription creep," said a SpaceHawkGPS spokesperson. "We created SpaceHawk so people can protect their vehicles, assets, and families without paying \$20-\$50 every single month or accidentally losing protection because a subscription wasn't renewed."

## 12 Months of Real-Time Protection With No Monthly Fees

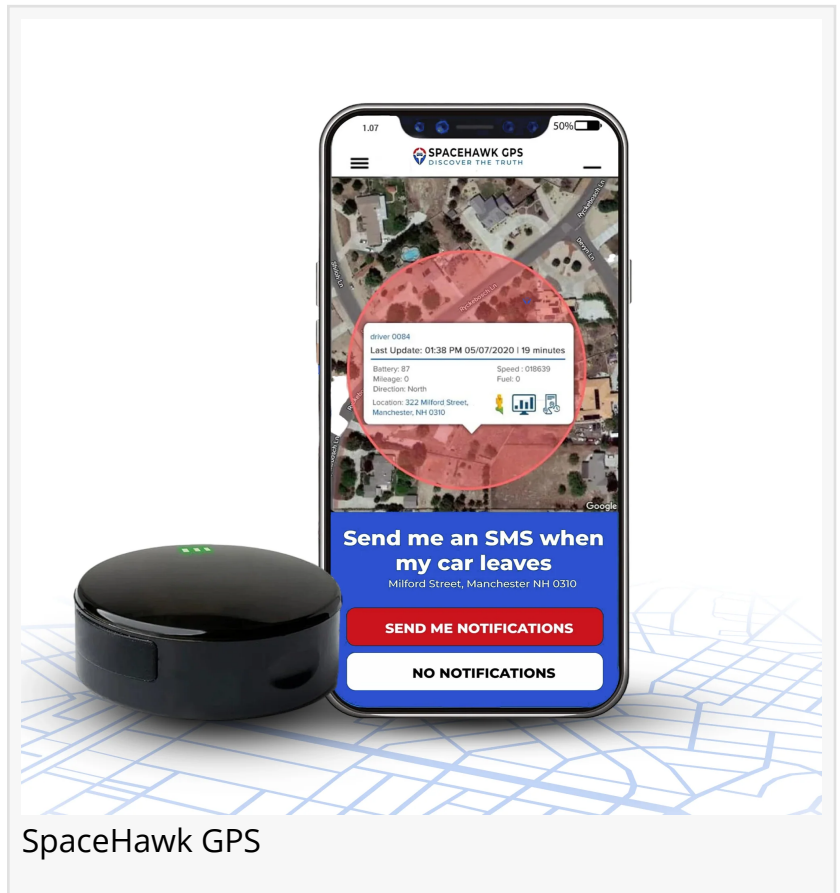

SpaceHawkGPS gives customers a full year of tracking with no monthly fees for the 1st year.

Live 3-second location updates

Tracking in 150+ countries

Discrete packaging + fast activation

After the first year, users can continue service for as low as \$19.95 per month when prepaid, up to 70% less than competing GPS subscription models.

## Cost Savings Are Massive: Subscription Trackers vs. SpaceHawkGPS

Most GPS trackers require a subscription costing \$240-\$600 per year. Most users ultimately spend 5-8X the device price in ongoing fees, and 70% forget a renewal at least once, creating gaps in protection when it matters most.

SpaceHawkGPS eliminates both issues. With the SpaceHawk device priced at \$249 and free for 1st year of tracking, customers save up to \$351 in 1st year compared to traditional subscription models.

## Ultra-Hidden, Rugged, and Built for Real-World Crime Prevention

SpaceHawkGPS is engineered for true stealth and reliability:

- Mini size under 2 inches

- Undetectable blackout design

- Magnetic mount for instant placement

- Waterproof and shockproof housing

- Pinpoint accuracy within 6 feet

- Global operation in 150+ countries

- Instant alerts for movement, towing, and speeding

Engineered for anyone who needs answers instantly, from parents and caregivers to car owners, fleets, and investigators.

## Setup Is Effortless: Takes Less Than 60 Seconds

- Scan the QR code to activate

- Attach the magnetic tracker

- Start tracking instantly

All set, no tools required, no technicians needed, and no activation fees.

## Limited Launch Inventory Is Expected to Sell Out

To celebrate the release of its new no-monthly model, SpaceHawkGPS is offering a Launch price of just \$249, a \$50 savings. This exclusive offer is available for a limited time only.
