-- Premier Tuning Group Introduces
Innovative Services and Products for
High-Performance Mercedes AMG
Vehicles.

Premier Tuning Group ([PTG](#)) is proud to announce the launch of their latest

services and products for the Mercedes AMG GT/GTS/GTC/GTR. The company, known for their expertise in tuning and enhancing Mercedes AMG, has introduced the [7DCL750](#) Rebuild/Re-Seal/Enhance Service and PTG 7DCL750 AMG GT / SLS Billet Transmission Brace System. These new offerings are designed to provide superior performance and durability for the transmission of the Mercedes AMG GT/GTS/GTR/GTC.

The 7DCL750 Rebuild/Re-Seal/Enhance Service is a comprehensive solution for rebuilding and enhancing the 7DCL750 transmission found in various high-performance vehicles. This service includes a complete rebuild of the transmission, along with re-sealing and enhancing it with upgraded components. The result is a stronger and more efficient transmission that can handle the demands of high-performance driving.

In addition to the rebuild service, PTG has also introduced the PTG 7DCL750 AMG GT / SLS Billet Transmission Brace System. This innovative product is designed to reinforce the transmission housing of the C190 AMG GT and SLS models, providing added strength and stability. The brace system is made from high-quality billet aluminum and is designed to work seamlessly with the Dodson Motorsport C190 AMG GT [Clutch](#) Pack, providing a complete solution for high-performance vehicles.
