

South Florida Homebuilders Rely on Champion Pools for Community Pools and Amenities

Trusted by DR Horton, Khovanian, and More for High-Quality Commercial Pool Projects

WEST PALM BEACH, FL, UNITED STATES, December 3, 2025 /EINPresswire.com/ -- For more than 30 years, [Champion Pools & Spas](#) has been the partner of choice for South Florida's leading homebuilders, delivering high-quality commercial pools and community amenities that enhance residential developments across the region. Through its commercial division, Champion has collaborated with respected names such as Lennar, DR Horton, Toll Brothers, Cal Atlantic, and Stellar Homes to design and build resort-style pools, community fountains, and large-scale renovations that bring neighborhoods to life.

"Commercial pool projects require a balance of precision, coordination, and long-term durability," said David Brams, CEO of Champion Pools & Spas. "Our builder partners rely on us because we consistently deliver exceptional results—whether it's a new amenity center pool or a full renovation of an existing community feature."

Unlike residential pool projects that focus on personalized backyard retreats, Champion's commercial division specializes in large-scale designs that must meet strict building codes, community standards, and the needs of hundreds of residents. Each project is managed with an emphasis on craftsmanship, high-performance materials, and reliable scheduling to ensure long-lasting quality and seamless integration into community spaces.

With decades of experience and a reputation built on trust, Champion Pools & Spas continues to set the standard for commercial pool construction in South Florida, helping developers create lifestyle-driven communities where families can relax, connect, and enjoy resort-style living right at home.
