

The Dumpster Guy Franchise Expands to Okaloosa County, Florida

Local franchise brings reliable dumpster rental and demolition solutions to Fort Walton Beach, Destin, Crestview, and surrounding communities.

FORT WALTON BEACH, FL, UNITED STATES, December 3, 2025

/EINPresswire.com/ -- The Dumpster Guy, a nationally recognized dumpster rental franchise, has expanded its footprint to Okaloosa County, Florida. [The Dumpster Guy Okaloosa](#) is now serving homeowners, contractors, and businesses throughout the region with [roll-off dumpster rentals](#) in three convenient sizes.

The new franchise, owned and operated by Mickey Franco, provides waste management solutions for residential cleanouts, construction projects, renovations, and commercial jobs across Fort Walton Beach, Destin, Niceville, Crestview, Valparaiso, Mary Esther, Shalimar, and surrounding Okaloosa County communities.

“

From Fort Walton Beach to Crestview, we're here to help Okaloosa County tackle any project. No job is too big or too small for our team.”

Mickey Franco

Dumpster Rental Services for Every Project Size

The Dumpster Guy Okaloosa offers three container sizes to accommodate projects of varying scope, ensuring customers only pay for the capacity they need.

The 10-yard dumpster is the most compact option, ideal for smaller residential projects. Homeowners frequently use this size for garage cleanouts, small bathroom remodels, single-room renovations, and yard waste

removal. The 10-yard container holds approximately three pickup truck loads of debris, making it

The Dumpster Guy Okaloosa

a practical choice for weekend projects and minor home improvements. Its smaller footprint also makes it easier to place in driveways with limited space.

The 15-yard container serves as the mid-range option, providing additional capacity for medium-sized projects. This size works well for kitchen renovations, roof replacements, estate cleanouts, flooring removal, and deck demolition. Homeowners downsizing or clearing out a loved one's property often find the 15-yard dumpster offers the right balance between capacity and cost. It holds approximately five pickup truck loads of material.

For larger jobs, the 20-yard dumpster delivers ample capacity to handle significant debris volumes. This container suits whole-home renovations, new construction cleanup, major landscaping overhauls, and commercial cleanouts. Contractors working on multi-room remodels or property managers clearing units between tenants regularly rely on the 20-yard size. It accommodates roughly seven pickup truck loads of waste.

Each rental includes delivery, pickup, and responsible disposal. The straightforward pricing structure eliminates hidden fees, making it easy for customers to budget their projects accurately. Flexible rental periods allow homeowners to work at their own pace while contractors can arrange scheduled pickups to keep job sites clean and compliant with local regulations.

Comprehensive [Demolition Services](#)

Beyond dumpster rentals, The Dumpster Guy Okaloosa provides comprehensive demolition services for residential and commercial properties. The team handles projects that many waste removal companies cannot accommodate, offering turnkey solutions from initial assessment through final cleanup.

Demolition services include:

The Dumpster Guy Okaloosa

The Dumpster Guy Okaloosa

- House and building demolition
- Driveway and concrete removal
- Pool demolition
- Mobile home removal

House and building demolition services address structures of various sizes, from detached garages and storage buildings to full residential homes. Property owners preparing land for new construction or removing deteriorating structures benefit from a single point of contact who manages the entire process, including debris hauling and site clearing.

Driveway and concrete removal has become increasingly popular among Okaloosa County homeowners looking to update their properties. Cracked driveways, damaged patios, old sidewalks, and deteriorating concrete slabs can detract from curb appeal and create safety hazards. The Dumpster Guy Okaloosa removes existing concrete and hauls away the debris, leaving a clean surface ready for new installation.

Pool demolition services help property owners reclaim valuable backyard space. Aging pools require constant maintenance, present liability concerns, and can complicate property sales. The team handles both partial pool removal, where the pool is filled in and covered, and complete pool removal, where all materials are extracted from the ground. Each approach meets local permitting requirements and prepares the land for alternative uses.

Mobile home removal addresses a common challenge for property owners throughout Okaloosa County. Whether clearing land for development or removing an aging structure that has outlived its usefulness, mobile home demolition requires specialized knowledge and equipment. The Dumpster Guy Okaloosa manages the disconnection of utilities, structure demolition, debris removal, and site cleanup.

Serving the Emerald Coast Community

Mickey Franco launched The Dumpster Guy Okaloosa to fill a need for reliable, customer-focused waste management services along the Emerald Coast. The region's ongoing growth in residential construction, commercial development, and tourism infrastructure has created steady demand for professional dumpster rental and demolition services.

"Okaloosa County is growing, and with that growth comes demand for dependable dumpster rentals and demolition services," said Franco. "We are committed to providing fast response times, fair pricing, and the kind of service that keeps customers coming back."

The company serves both residential and commercial clients. Homeowners tackling cleanouts, remodels, or storm debris removal benefit from flexible rental periods and prompt delivery. Contractors and builders appreciate the ability to schedule recurring pickups and access multiple container sizes based on project demands. Property managers, real estate investors, and local businesses also rely on The Dumpster Guy Okaloosa for efficient waste removal solutions.

The Okaloosa County service area spans a range of communities. Fort Walton Beach and Destin attract tourists and new residents alike, driving renovation activity and commercial construction. Niceville and Valparaiso feature established neighborhoods where homeowners regularly undertake improvement projects. Crestview, as the county seat and one of the fastest-growing cities in the region, sees consistent demand from both residential and commercial customers. Mary Esther and Shalimar round out the service area, ensuring coverage throughout the county.

About The Dumpster Guy

The Dumpster Guy franchise network operates across multiple states, bringing consistent service standards and competitive pricing to local markets. Each franchise is independently owned and operated, allowing owners like Mickey Franco to deliver personalized service while backed by the resources and reputation of an established brand.

The Dumpster Guy Okaloosa is fully licensed and insured to operate throughout Okaloosa County, Florida. The company is committed to environmentally responsible disposal practices and maintains partnerships with local recycling facilities to divert reusable materials from landfills whenever possible.

Scheduling a dumpster rental or requesting a demolition estimate is simple. Customers can visit The Dumpster Guy Okaloosa website to learn more about services, view pricing information, and submit inquiries online.
