

Atlas by Harun Ayaydin Wins Silver in A' Baby Products Design Awards

Harun Ayaydin's Multifunctional Bed Design, Atlas, Earns Prestigious Recognition in the A' Baby Products Design Awards

COMO, CO, ITALY, December 4, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [baby products](#) design, has announced [Harun Ayaydin](#)'s innovative work, "Atlas," as a Silver Award winner in the Baby, Kids' and Children's Products Design category. This prestigious recognition highlights the significance of Atlas within the baby products industry, acknowledging its outstanding design and functionality.

Atlas, a multifunctional bed designed by Harun Ayaydin, addresses the evolving needs of families and their growing children. The design aligns with current industry trends, focusing on versatility, safety, and comfort. By providing a solution that adapts to different stages of a child's life, Atlas offers practical benefits for parents and caregivers, setting a new standard for baby products design.

What sets Atlas apart is its unique combination of features. The bed is spacious enough to accommodate families who wish to sleep alongside their children when needed, while also being suitable for use with a bedside cradle during the newborn period. The attachable safety barriers ensure a secure and comfortable environment, promoting the child's independence as they grow. The timeless design and durable oak wood construction make Atlas a long-lasting investment for families.

This recognition from the A' Baby Products [Design Awards](#) serves as a testament to Harun

Atlas

Ayaydin's commitment to excellence and innovation in design. The accolade is expected to inspire future projects and drive further advancements in the baby products industry. For Harun Ayaydin and his team, the award is a motivation to continue pushing boundaries and creating designs that positively impact the lives of families.

Atlas was designed by Harun Ayaydin.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation in the Baby, Kids' and Children's Products Design category. Recipients are selected through a rigorous blind peer-review process, where a panel of design professionals, industry experts, journalists, and academics evaluate entries based on pre-established criteria. These criteria include innovation, safety, comfort, material quality, ease of use, durability, functionality, aesthetics, ergonomics, eco-friendliness, cultural sensitivity, age appropriateness, emotional connection, versatility, cost-effectiveness, hygiene, educational value, inclusivity, and market potential. The Silver A' Design Award acknowledges the exceptional expertise and creativity of designers who contribute to advancing the baby products industry and improving everyday life.

About A' Design Award

The A' Baby, Kids and Children's Products Design Award is a prestigious international competition that recognizes outstanding design achievements in the baby products industry. Organized annually since 2008, the A' Design Award welcomes entries from leading professionals, agencies, companies, manufacturers, and brands worldwide. By participating, entrants gain global exposure and recognition for their exceptional design capabilities, contributing to the advancement of the industry. The ultimate aim of the A' Design Award is to promote superior products and projects that benefit society, driving inspiration and innovation. Through a blind peer-review process conducted by an expert jury panel, the competition ensures a fair and objective evaluation of entries.
