

# 'Exploring God's World: Pictures and Bible Verses' by Jean Robinson is a Journey Through Creation, Faith, and Hope

*A gentle journey through creation, wonder, and the quiet truths found in Scripture.*

CANTON, MA, UNITED STATES, December 4, 2025 /EINPresswire.com/ -- There's something grounding about opening a book that slows the world down for a moment, especially these days, when the news seems forever urgent and life keeps nudging people from one worry to the next. [Exploring God's World: Pictures and Bible Verses](#) by [Jean Robinson](#) feels like one of those small, steady reminders that the world still holds beauty worth pausing for.

Rather than arguing about faith or trying to explain it through complicated reasoning, Robinson offers something simpler and, in its own way, more refreshing: pieces of Scripture paired with scenes from nature: sunrises, flowers, mountains, storms, quiet fields, and all the ordinary wonders people forget to notice when life gets too loud. Each page seems to tap someone gently on the shoulder and say, "Hey, look around. There's still goodness here."

Exploring God's World : Pictures and Bible Verses

ARPress

The book moves through familiar verses, Psalm 19's proclamation of the heavens, the comfort of Psalm 46, the steady courage of Joshua 1:9, and places them alongside the everyday miracles found across the natural world. It's not just a picture book, though. It carries an unspoken idea

“

He will be like a tree firmly planted by streams of water, which yields its fruit in its season and its leaf does not wither and in whatever he does, he prospers. Psalm 1:3”

*excerpt from the book*

that creation itself tells a story, one that points back to a God who hasn't stopped being present even when the world feels chaotic, unpredictable, or just plain exhausting.

Robinson's selections follow the rhythms of human experience: gratitude, trust, fear, celebration, rest, and the quiet longing for peace. Some verses shine a light on the strength found in faith; others sit beside the reader with a sense of calm, like the humble reassurance of “Be still and know that I am God.” The variety mirrors the way life

actually feels, never just one thing, but a mixture of highs, lows, beauty, questions, and the occasional breath of clarity.

What makes the book resonate is its simplicity. No overexplaining. No pushing. Just Scripture and creation; two of the oldest ways people have found their way back to hope when they're not sure where to look. It's the kind of book that works for someone who wants a daily moment of reflection, or a bit of comfort, or simply a reminder that faith doesn't always shout. Sometimes it whispers through a sunrise or a line of Scripture someone didn't realize they needed that day.

Exploring God's World invites readers to step outside their own worries for a moment and pay attention to the world God made; one verse, one picture, one small piece of wonder at a time. It's gentle, steady, and surprisingly grounding, like the literary equivalent of fresh air.
