

Naturele Phuket by Wirote Chongsujipan Wins Silver in A' Architecture Awards

Wirote Chongsujipan's Naturele Phuket Receives Prestigious Silver A' Design Award in Architecture, Building and Structure Design Category

COMO, CO, ITALY, December 5, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected award in the field of [architecture](#) design, has announced Naturele Phuket by [Wirote Chongsujipan](#) as a Silver Award winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of Naturele Phuket's design within the architecture industry, positioning it as a noteworthy achievement that showcases excellence in design, functionality, and innovation.

Naturele Phuket

Naturele Phuket's award-winning design addresses current trends and needs within the architecture industry by prioritizing sustainability, universal design, and family-centric spaces. By integrating these elements, the project aligns with industry standards and practices while offering practical benefits to users, such as enhanced safety, accessibility, and environmental responsibility. This recognition underscores the relevance and value of Naturele Phuket's design approach to the broader architecture community and potential customers.

Naturele Phuket stands out in the market through its unique blend of sustainable luxury and modern tropical design. The project's emphasis on material safety, with the use of radon-free and locally sourced materials, sets it apart from competitors. The villas feature carefully designed spaces that promote family bonding and universal accessibility, ensuring comfort and safety for all ages. The integration of natural elements, such as open spaces and natural ventilation, creates an inviting atmosphere that fosters relaxation and connection among family

members.

The Silver A' Design Award recognition for Naturale Phuket serves as a motivation for Wirote Chongsujipan and the project team to continue striving for excellence and innovation in future endeavors. This achievement may inspire further exploration of sustainable design practices, universal accessibility, and family-oriented living solutions within the brand's portfolio. The award also highlights the potential for Naturale Phuket to influence industry standards and inspire other architects and developers to prioritize these key aspects in their projects.

Project Members

Naturale Phuket was designed by Wirote Chongsujipan, who led the project, and Jaran Jongjaroenkamon, who contributed to the design and development process.

About Wirote Chongsujipan

Wirote Chongsujipan is a talented architect from Thailand who has made significant contributions to the field of residential development. With a focus on delivering private pool villas that combine architectural functionality with long-term livability, Wirote Chongsujipan's designs prioritize accessibility, quality construction, and location-driven value. Through collaborations with strategic partners in healthcare and wellness, Wirote Chongsujipan aims to provide integrated living solutions that cater to both domestic and international homeowners.

About Naturale Phukte by AAG Development

Naturale Phuket is a residential development brand under AAG Development, a prominent real estate developer known for creating outstanding residential environments in strategic locations. With a commitment to innovation, sustainability, and luxury, AAG Development's projects serve as distinguished landmarks within the real estate sector. Naturale Phuket focuses on delivering private pool villas in the Bang Tao area of Phuket, offering integrated living solutions that combine architectural functionality with long-term livability.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation in the Architecture, Building and Structure Design category. Recipients of this award are acknowledged for their contributions to raising industry standards and advancing the practice of design through their highly functional and aesthetically pleasing creations. The Silver A' Design Award is granted to designs that incorporate original innovations, reflect the designer's deep understanding and skill, and make a notable impact on the improvement of everyday life. The rigorous selection process involves blind peer review and evaluation by a world-class jury panel of design professionals, architecture industry experts, journalists, and academics based on pre-established criteria such as innovative use of space, structural integrity, aesthetic appeal, environmental impact, functional efficiency, material selection, technological integration, social

relevance, cultural sensitivity, economic viability, design originality, user comfort, energy efficiency, adaptability to change, use of natural light, spatial harmony, safety measures, accessibility considerations, and resilience to weather.

About A' Design Award

The A' Architecture, Building and Structure Design Award is a prestigious international design competition that recognizes and promotes superior products and projects that advance and benefit society. With a philanthropic mission to enhance the world through the power of good design, the A' Design Award motivates designers and brands to develop pioneering solutions that positively impact the global community. The competition welcomes a wide range of participants, including star architects, engineering firms, leading construction companies, and influential brands from the architecture and design industries. By participating in this esteemed award, entrants have the opportunity to showcase their design vision, gain global recognition, and be acknowledged for their exceptional architecture and structure design skills. The A' Design Award, now in its 17th year, is an international and juried design competition organized across all industries, with participation open to entries from all countries.
