

Blue Prism Automotive Expands Nationwide, Offering Premium OEM-Grade Used Engines with Faster Delivery.

Nationwide expansion brings faster delivery, enhanced warranty support, and a larger catalog of OEM-grade used and JDM engines.

DALLAS, TX, UNITED STATES, December 8, 2025 /EINPresswire.com/ -- [Blue Prism Automotive](#), a rapidly growing U.S.-based supplier of OEM-grade used and remanufactured engines, announced today the expansion of its nationwide network. The company now offers faster delivery times, a broader engine catalog, and enhanced warranty support, making high-quality replacement engines more accessible to customers across all 50 states.

Blue Prism Automotive specializes in [A-grade, quality-tested used engines](#), including OEM gas and diesel engines, low-mileage JDM imports, and soon a full line of used transmissions. Every unit is inspected, compression-tested, and verified before shipping to ensure it meets strict quality standards.

The company supports a wide range of customers, from individual car owners and independent mechanics to dealerships, fleet operators, and collision centers. With VIN-matching assistance, real product photos, and no core charges on most units, Blue Prism Automotive aims to remove uncertainty from the engine-buying process.

“

We believe drivers deserve transparency and trust when replacing an engine. Our mission is to make premium, OEM-grade engines accessible and affordable for everyone across America.”

Founder, Blue Prism Automotive

“Our team makes sure every engine is properly matched and ready to install,” added a representative from the customer support division. “We don’t just ship engines; we deliver peace of mind.”
