“

Opening in Lincoln is personal for us because we know how many makers and founders here are building incredible things with limited space and limited support. Elevator was created to change that.”

Shannon Lerda

Elevator integrates micro-warehouses, offices, and shared amenities under one roof. The Lincoln facility features 58 flex and office spaces, two loading docks, two conference rooms, event spaces including a rooftop deck, coworking areas, and a private meeting pod designed to accommodate the growing needs of local makers, e-commerce brands, and creative professionals.

“Lincoln has a strong and determined small business community, and this location gives them the space and support they've been asking for. Being right in the center

of downtown puts entrepreneurs close to the energy, resources, and partnerships that help them grow. We're proud to bring a workspace that removes barriers and gives business owners

the room to build what's next." said Emiliano Lerda, CEO & Co-Founder of Elevator

"Opening in Lincoln is personal for us because we know how many makers and founders here are building incredible things with limited space and limited support. Elevator was created to change that. It's meant to be a place where entrepreneurs feel backed, connected, and set up to move faster. We're excited to help more Lincoln businesses gain the momentum they've been working toward." said Shannon Lerda, President & Co-Founder of Elevator.

This location gives small businesses a practical, scalable environment to operate and grow, and it strengthens the momentum we're already seeing across downtown." said Clay Smith, Investor & Board Member, Elevator

A formal ribbon-cutting event with the Lincoln Chamber of Commerce and Lincoln Partnership for Economic Development is planned for early 2026. Stay tuned for more details.
