

Adam by Zhenxing Wang and Guoyuhui Huang Wins Silver in A' Digital Product Awards

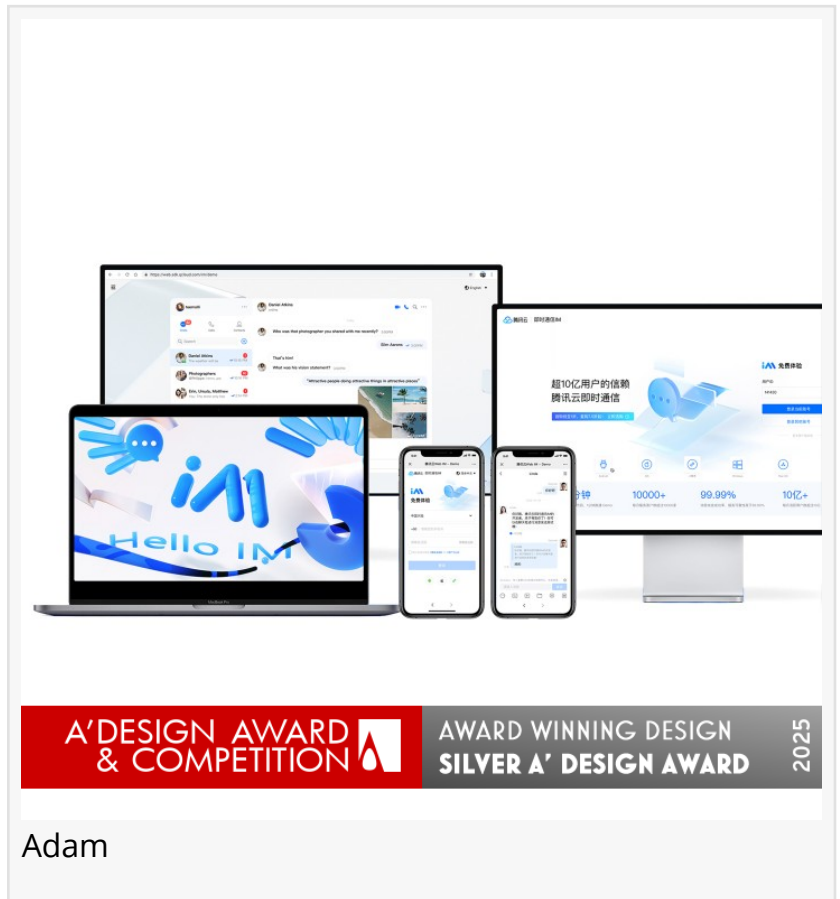

*Innovative AI Chatbot and Social Platform
Recognized for Excellence in Digital
Product Design*

COMO, CO, ITALY, December 9, 2025 /EINPresswire.com/ -- The A' Design Award, a highly prestigious award in the field of [digital product](#) design, has announced Adam by [Zhenxing Wang and Guoyuhui Huang](#) as a Silver winner in the Digital Product Design category. This recognition highlights the significance of Adam's innovative design within the digital product industry, positioning it as a notable achievement in the field.

Adam's AI Chatbot and social interactive platform are highly relevant to the needs and trends of the digital era, particularly for the younger generation. By combining instant communication technology with an AI Chatbot, Adam provides diverse social chat scenarios for various sectors, including gaming, live streaming, and education, while maintaining a 99.99% message rate. This aligns with and advances industry standards and practices, offering practical benefits for users and stakeholders alike.

What sets Adam apart is its ability to address the demand for diverse social scenarios through its AI Chatbot-powered question and answer service. The platform enables million-level online community-group interaction, ensuring a seamless user experience across multiple scenarios. The interface design is simple yet visually appealing, with clear hierarchical layers and layouts enhanced by innovative linear icons and animated AI Chatbot plug-ins that provide instant user feedback.

Winning the A' Digital Product Design Award serves as a motivation for Zhenxing Wang,

Guoyuhui Huang, and the team at Beijing Dominik Technology Co., LTD to continue striving for excellence and innovation in their future projects. This recognition may inspire further exploration and advancement in the field of AI-powered social platforms, fostering a greater understanding and respect between people of different cultures and backgrounds through the sharing and discussion of knowledge.

Adam was designed by Zhenxing Wang and Guoyuhui Huang.
