Increasing Interior Spaces with Original Natural Wood Flooring

Solid hardwood remains one of the most popular residential and commercial interior materials in terms of longevity, natural appearance and capacity to add value to a property. The collection of Vertex Flooring includes a variety of luxury hardwood floor planks with beautiful colours, different grades, and various finishes to match both modern and classical styles.

Each plank presents the uniqueness of knots, grains and colour variations of actual wood. and classical styles. All the planks present the diversity of knots, grains and colour variations of actual wood. However, customers have the option to buy it prefinished or unfinished. It helps them to customize their floor with their own unique style.

Vertex Flooring manufactures all its materials in-house, which provides control of quality,

consistency, and real craftsmanship.
