

Photosynthesis by Yu Chia Chang Wins Silver in A' Interior Design Awards

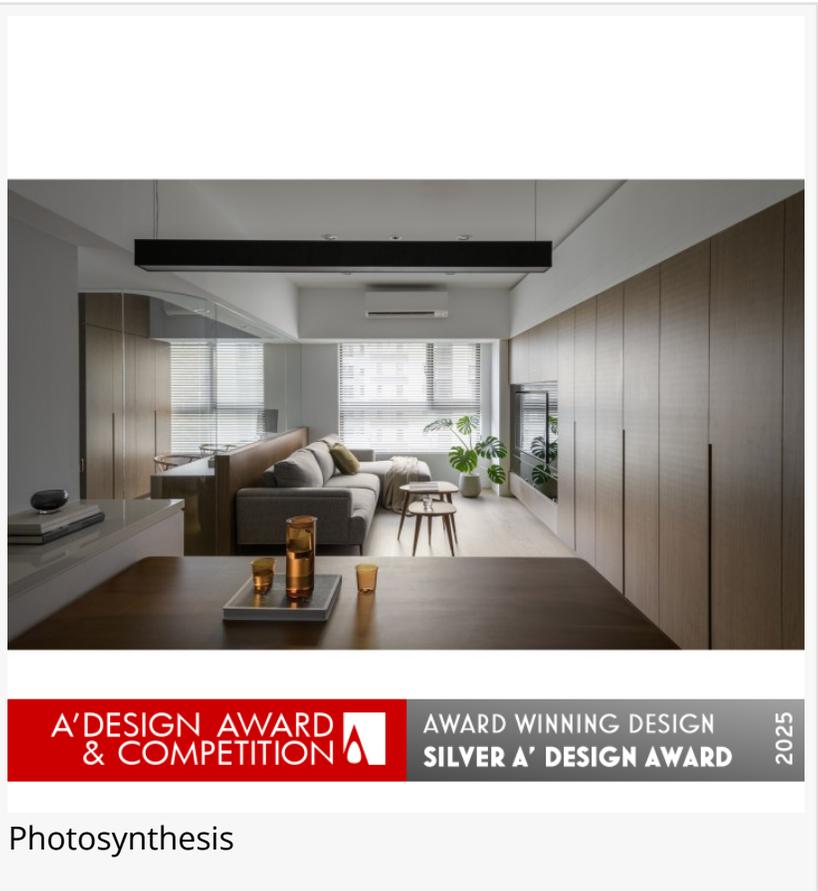

Harvest Interior Design's Photosynthesis Residence Recognized for Excellence in Interior Design by Prestigious A' Design Award

COMO, CO, ITALY, December 10, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of [interior](#) design, has announced Photosynthesis by [Yu Chia Chang](#) as a Silver Winner in the Interior Space and Exhibition Design category. This prestigious accolade highlights the exceptional design and innovation demonstrated in the Photosynthesis residence project, solidifying its position as a noteworthy contribution to the interior design industry.

The Silver A' Interior Space, Retail and Exhibition Design Award holds

significant relevance for the interior design community, as it showcases designs that align with current trends and push the boundaries of industry standards. Photosynthesis serves as an exemplary model for interior designers, showcasing the practical benefits of innovative design solutions that prioritize functionality, aesthetics, and user experience. This recognition not only validates the expertise of Yu Chia Chang and the Harvest Interior Design team but also inspires professionals and enthusiasts alike to strive for excellence in their own projects.

Photosynthesis stands out as a remarkable interior design achievement through its masterful use of space, material selection, and attention to detail. The residence features a seamless integration of natural light, facilitated by strategically placed glass elements and large windows. The dark wood grain base, complemented by carefully curated blank spaces, creates a serene and intellectually stimulating atmosphere. The design maximizes storage capacity through the clever combination of entrance cabinets, shelves, and a TV wall, ensuring a clutter-free living

environment. The curved edging technique adds a touch of elegance and rhythm to the space, while the pastel wood and white tones foster a sense of tranquility and harmony.

The Silver A' Interior Space, Retail and Exhibition Design Award serves as a testament to Yu Chia Chang and Harvest Interior Design's commitment to pushing the boundaries of interior design. This recognition is expected to inspire the team to continue their pursuit of innovation and excellence in future projects, setting new standards for the industry. As Photosynthesis gains international exposure through this prestigious award, it has the potential to influence design trends and spark creative dialogues within the global interior design community.

Team Members

Photosynthesis was designed by Yu Chia Chang, the creative force behind Harvest Interior Design. Chang's expertise in crafting functional and visually captivating spaces is evident throughout the residence.

About Yu Chia Chang

Yu Chia Chang, hailing from Taiwan, is the visionary designer behind Harvest Interior Design. With over a decade of experience in the interior design industry, Chang has established a reputation for creating healthy, eco-friendly living environments that seamlessly blend design and construction.

About Harvest Interior Design

Harvest Interior Design is a renowned interior design firm that prioritizes customer visions and usage needs. With a team of skilled professionals and over ten years of experience, Harvest Interior Design seamlessly integrates design and construction to create functional and aesthetically pleasing spaces. The firm is committed to crafting healthy, eco-friendly renovation environments that exceed client expectations.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation in the Interior Space and Exhibition Design category. Recipients are acknowledged for their significant contributions to advancing industry standards and practices through their innovative use of space, material selection, functional layout design, color scheme mastery, lighting design proficiency, and adherence to sustainability and accessibility standards. The rigorous selection process involves blind peer review by an expert jury panel, ensuring that only the most deserving projects receive this prestigious recognition.

About A' Design Award

The A' Interior Space, Retail and Exhibition Design Award is a prestigious international competition that celebrates excellence and innovation in interior design. Welcoming entries from

visionaries, leading agencies, innovative companies, and influential brands, the award provides a platform for designers to showcase their creativity and gain global recognition. Through a rigorous blind peer-review process conducted by an expert jury panel, the A' Design Award identifies and honors projects that demonstrate superior design capabilities and have the potential to advance the industry and inspire future trends. With a philanthropic mission to enhance society through the power of good design, the A' Design Award aims to motivate designers and brands to develop exceptional products and projects that positively impact the global community.
