

Airwheel SE3S by Changzhou Airwheel Technology Co.,Ltd. Wins Silver in A' Fashion and Travel Accessories Design Award

*Innovative Electric Smart Suitcase
Recognized for Exceptional Design and
Functionality in Prestigious International
Competition*

COMO, CO, ITALY, December 11, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of accessory design, has announced [Changzhou Airwheel Technology Co.,Ltd.](#) as a winner in the Fashion and Travel Accessories Design category for their innovative work, the [Airwheel SE3S](#). This prestigious recognition highlights the significance of the Airwheel SE3S within the accessory industry, positioning it as a groundbreaking design that exemplifies excellence and innovation.

The Airwheel SE3S electric smart suitcase addresses current trends and needs within the accessory industry by offering a unique combination of storage and mobility features. This innovative design aligns with industry standards and practices while advancing them through its practical benefits for users, such as the ability to ride the suitcase in public transport venues, side-opening storage, and mobile charging capabilities.

What sets the Airwheel SE3S apart from competitors is its seamless integration of storage and mobility functions. The compact and easily transportable design allows users to ride the suitcase to their destination, providing a convenient and efficient travel solution. The high-capacity portable power supply enables extended riding durations and supports charging of various electronic devices, while the sturdy aluminum alloy frame and vacuum foam tires ensure smooth

movement and durability.

The recognition of the Airwheel SE3S by the A' Fashion and Travel Accessories Design Award has the potential to inspire future designs and influence industry standards. This achievement serves as motivation for Changzhou Airwheel Technology Co.,Ltd. to continue striving for excellence and innovation in their projects, fostering further exploration and advancement within the accessory industry.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that embody excellence and innovation in the Fashion and Travel Accessories Design category. Recipients are acknowledged for their contributions to raising industry standards and advancing design practices through their highly functional and aesthetically pleasing creations. The rigorous selection process, based on pre-established evaluation criteria, is conducted by a world-class jury panel of design professionals, accessory industry experts, journalists, and academics. Winning the Silver A' Design Award is a prestigious achievement that showcases the designer's exceptional expertise, talent, and creativity in developing remarkable works that benefit and advance the boundaries of art, science, design, and technology.

About A' Design Award

The A' Fashion and Travel Accessories Design Award is a prestigious international design competition that recognizes exceptional creativity and design capabilities across the fashion and

travel accessories industry. Open to visionary designers, innovative agencies, forward-thinking companies, and influential brands, the award provides a platform to showcase outstanding designs and gain global recognition. Entries undergo a rigorous blind peer-review process, evaluated by an expert jury panel based on pre-established criteria. The A' Design Award, now in its 17th year, is driven by a philanthropic mission to enhance society through the power of good design, motivating designers and brands to develop superior products and projects that positively impact the global community. By celebrating remarkable achievements and showcasing pioneering designs on an international stage, the A' Design Award promotes a global appreciation for the principles of good design, driving forward the cycle of inspiration and advancement.
