

ERS Offers Free Commercial Roof Inspections in Houston

Engineered Roofing Systems offers free commercial roof inspections, helping Houston businesses assess damage, prevent issues, and protect their buildings.

HOUSTON, TX, UNITED STATES,
December 11, 2025 /

EINPresswire.com/ -- Engineered Roofing Systems (ERS), a leading commercial and industrial roofing contractor based in Conroe, is offering [free commercial roof inspections](#) to help Houston-area business owners and facility managers identify issues before they become costly problems.

Engineered Roofing Systems Offers Free Commercial Roof Inspections in Houston

According to the Roofing Contractors Association of British Columbia (RCABC), a roof represents approximately 5 to 7 percent of a building's capital cost, but it protects 100 percent of the building and its contents. ERS understands the critical role a roof plays in protecting both the structure and daily operations of a business.

“

Whether you're the Owner or a Facilities Manager of an industrial or commercial property, you do not have time to deal with making sure your roof doesn't fall into a state of disrepair.”

Doug Loomis

“Whether you're the Owner or a Facilities Manager of an industrial or commercial property, you do not have time to deal with making sure your roof doesn't fall into a state of disrepair,” said Doug Loomis of Engineered Roofing Systems. “Unfortunately, roofs do fall into states of disrepair because they are forced to withstand so much

from the elements and sometimes years of neglect. You need to be able to find [commercial roofing specialists](#) that you can trust to protect your business.”

ERS's free commercial roof inspections include a thorough evaluation of:

- Membrane and surface conditions for cracks, blisters, or leaks
- Flashing and edge details to ensure proper sealing

- Drainage systems and gutters for clogs or damage
- Roof penetrations such as vents, skylights, and HVAC units
- Structural components for signs of wear or water intrusion

About Engineered Roofing Systems
Since 2000, Engineered Roofing Systems has proudly served Southeast Texas with expert roofing solutions for commercial and industrial buildings.
