The selection process: NBCI identified 1,000 clergy and lay leaders in the Black Church across the country who agreed to complete a 20-item questionnaire and view videos over six months. After

the data was collected, we consulted 100 pastors from all regions of the country, each one with a congregation of no more than 200 members whom they follow, study, and like. We then conducted 50 random interviews. After all the data was compiled, we then consulted with many senior clergy from all 37 denominations of the Black Church, along with the Holy Spirit, through data, prayer, and study. The list was created. All clergy took a vow of secrecy to participate.

Again, congratulations on being selected as one of the Black Church's most effective Gospel Preachers. The purpose of the list, first and foremost, is to help spread the Gospel. It is not a competition. It is essential to point out to those of us who understand the Gospel, and to help them grasp, that it

can positively impact their walk with God and their faith in Him. The list is meant to identify those who have put in the study and have mastered the scripture to help all of us with the issues of clarity and accuracy.

“

The preaching of the Gospel is serious business unto death. The National Black Church Initiative's list is the next level up from Ebony Magazine's list of great Black preachers”

“Study to shew thyself approved unto God, a workman that need not to be ashamed, rightly dividing the word of truth.”

2 Timothy 2:15

They are on this list based upon their commitment to the Word of God, their hard work, and God's providence. God's people are hungry for a clear and accurate understanding of God's will through Christ, our Lord and Savior!
