

Bil-Jax Launches TF Deck²: A Two-Story Tent Solution That Elevates Event Experiences

Bil-Jax, a leading manufacturer of scaffolding and event staging systems, proudly announces the launch of the TF Deck² System.

ARCHBOLD, OH, UNITED STATES,
December 12, 2025 /

EINPresswire.com/ -- Bil-Jax, a leading manufacturer of scaffolding and event staging systems, proudly announces the launch of the [TF Deck² System](#), a groundbreaking two-story tent flooring solution engineered to transform outdoor events into immersive, multi-level experiences.

Designed for event professionals, rental companies, and production crews seeking to maximize space and deliver a wow factor, the TF Deck² combines structural integrity, aesthetic flexibility, and easy assembly. From hospitality decks and viewing platforms to elevated lounges and product showcases, the system provides unmatched elevation and modularity for a wide range of applications.

“

We put Bil-Jax engineering behind this floor so installers can focus on what matters, a safe, fast, consistent setup.”

Cy Baker, Product Manager

“This isn’t just another staging product; it’s a complete solution for premium event environments,” said Jon

Gittrich, of Bil-Jax. “TF Deck² is engineered to meet the growing demand for multi-level installations that are not only safe and sturdy but also visually stunning.”

A Modular, Scalable System for Elevated Events

The TF Deck² features a modular design that allows for quick, repeatable assembly and scalable configurations. Highlights include:

- Engineered Steel Framework for superior strength and load-bearing performance
- Seamless assembly: uses TF2100-style connectors and panels for uniform set-ups
- Adjustable Height Options for different site layouts and event types
- OEM Compatibility: works with tent manufacturer baseplates

From PGA Tour stops to high-end hospitality suites, TF Deck² is built to perform in the most demanding environments, all while maintaining visual sophistication.

Proudly Made in the USA

Like all Bil-Jax products, the TF Deck² System is manufactured in Archbold, Ohio. Customers benefit from domestic production that ensures faster delivery, tighter quality control, and responsive customer support.

TF Deck² is officially available and ready to elevate your next event. To learn more, download the brochure, explore specs, or request a quote at: <https://biljax.com/product/tf-deck-system>
