

Weave of Light by Hui Ting Fan Wins Silver in A' Interior Design Awards

Innovative Residential Design Blends Art, Lighting, and Modern Elements to Create Versatile Spaces for All Generations

COMO, CO, ITALY, December 15, 2025 /EINPresswire.com/ -- The esteemed A' [Design Award](#), a highly respected recognition in the field of [interior](#) design, has announced [Hui Ting Fan](#)'s "Weave of Light" as a Silver winner in the Interior Space and Exhibition Design category. This prestigious accolade celebrates the exceptional design, which seamlessly merges wall art, advanced lighting, and modernized marble to create a versatile and inclusive living space.

Weave of Light exemplifies the power of innovative design to cater to diverse generational needs within a residential setting. By incorporating organic patterns, metallic finishes, and strategic lighting, the design transforms traditional architectural elements into unique art pieces that enhance the overall ambiance. This approach not only advances interior design standards but also showcases the practical benefits of functional aesthetics for users across all age groups.

The award-winning design stands out for its masterful integration of light and shadow, which transforms ordinary spaces into captivating environments. The open concept kitchen, master bedroom with wavy walls, and media room with hand-dyed wood veneer wallpaper exemplify the perfect blend of functionality and artistic expression. Classic elements are reimagined using modern techniques, while barrier-free features ensure accessibility for the elderly, and contemporary touches appeal to younger generations.

This recognition from the A' Interior Space, Retail and Exhibition Design Award serves as

Weave Of Light

motivation for Hui Ting Fan to continue pushing the boundaries of interior design. By inspiring future projects that prioritize inclusivity, sustainability, and innovation, Weave of Light sets a new standard for residential spaces that cater to the evolving needs of modern society.

About Hui Ting Fan

Established in 2022, the studio provides comprehensive design services spanning from initial concept development to final project realization. Its practice emphasizes methodical interpretation of user needs through analytical rigor, resulting in customized spatial solutions. At the core of its design process is a commitment to active listening, observational insight, and creative thinking. These principles shape meaningful and experiential environments that respond to both individual and contextual needs. Hui Ting Fan is from Taiwan (China).

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that embody excellence and innovation. Recipients are acknowledged for their contribution to raising industry standards and advancing design practice through original innovations and strong technical characteristics. The award celebrates designs that make a notable impact on everyday life, showcasing the designer's exceptional expertise, creativity, and understanding of functional aesthetics. Silver A' Design Award winners in the Interior Space and Exhibition Design category are selected based on criteria such as innovative use of space, material selection, functional layout, color scheme mastery, lighting design proficiency, sustainability, cultural relevance, ergonomics, and accessibility standards compliance.

About A' Design Award

The A' Interior Space, Retail and Exhibition Design Award is an internationally respected competition that promotes excellence and innovation within the interior design industry. Welcoming a diverse range of participants, from visionaries to influential brands, the award provides a platform to showcase creativity and gain global recognition. Entries undergo a rigorous blind peer-review process, evaluated by an expert jury panel based on pre-established criteria. Now in its 17th year, the A' Design Award aims to make the world a better place by recognizing and promoting superior products and projects that positively impact society. By celebrating pioneering designs on an international stage, the award inspires a global appreciation for the principles of good design, driving forward the cycle of advancement.
